Arrive Oldham	10-38 ..

PLAYERS'

PICNIC 

TO LANCASTER &
FAIRY STEPS.

SATURDAY, MAY 16TH, 1914.

NUTSHELLS.

To our players there is something fascinating about LANCASTER, and though the "Nuts" have made strict investigation, they have failed to find the real reason why they have again decided to make another pilgrimage there this year.

It may be of interest to mention that the town is situated on the *Lune*, and has two Asylums, and at the County Jail in the town a few "suspensions" of the *sine die* order have been dealt out from time to time.

There is no denying the fact that our players have felt more at home here than at any other place yet chosen for their Annual Picnic.

Members are requested to come in peace, and depart in pieces. Next morning you will have a chance to prove that if it wasn't for woman's curiosity man wouldn't be such a liar.

Come expecting a good time. If you don't have it somebody else will, and don't forget that some of it's your own money you're spending. Leave your Life Insurance and Accident Policies where they can easily be found by your heirs, executors, administrators, or assigns. Bandages will be provided out of the Club "Kit."

We are told that "Moderation in all things is the distinguishing mark of the noblest." What a lot of noblemen we must have amongst our players, judging from the moderate displays given during last season.

These are indeed *Moving Times*. To begin with, you move to make a motion, then it becomes a resolution; but without resolution you cannot move anything. To get on the Committee of the Oldham F.C. you first require moving. If you don't move whilst you are on you are threatened to be removed, and if you are not re-moved, the following season you become removed automatically. You then drop out of the picture, and even pictures move nowadays.

— Move on Please! —

In Conclusion

Remember the day and keep the date,
Remember the hour and don't be late,
Remember your club cap to cover your pate,
Remember to say to your lovely mate
That if you'r not in early she need not wait,
For to all who come we simply state
There'll be both hard and *liquid* bait.

Fraternally yours,

J. FERGUSON,
A. E. AVERY,
E. A. ANLEZARK,
A. J. SWANN,
G. F. HUTCHINS,

HON. SEC.

THE "NUTS."
