

## Things you will like to know.

We have this week signed as a professional, a young wing three-quarter, named W. Pardon, from Ellesmere Stars, Leigh. He some time ago signed an amateur form and agreed to play a series of trials, then another club, who evidently didn't know their job, signed him as a professional. As he couldn't be on two club registers at once, it meant an invitation to "Come into the Office" from the Northern Union, with the result the player was suspended. Anyhow, although several other clubs have been after him, he is now our player, and a very promising three-quarter he is, only 17 years of age. He has a good turn of speed and a good frame. He will be useful to us before very long.

Bryn Evans and Harold Unsworth are both nearly ready once again for playing. They should both play before the finish of the season. W. Britton, who got a terrific cut on his head, is not likely to turn out before next season. F. Raynor is once again reported fit, and is to turn out on Monday, at Cadishead.

So we are not to have a Football Strike. That's a sensible decision. You will do far better by Peaceful Persuasion.

Our "A" team gave an excellent exhibition last Saturday against "Thatto Heath," and won 17 points to nil.

Two of our Directors are on the sick list, Messrs. J. Tonge and H. Edwards. Mr. Edwards has gone through a series of painful operations. Both we are glad to state, are on the way to an early recovery.

## Things you will like to know.

Once again it is Good-Friday, and once again we heartily welcome our friends from Oldham. We well remember a time when Oldham got all the abuse—and nasty remarks—that were really meant for the Northern Union, who dealt out punishment to those that deserved it, and sometimes, in somebody else's opinion, to those that did not deserve it. Anyhow we have outlived all that, and we recognise in Oldham a team of good sportsmen, and in the management a lot of real good fellows, and to-day, we are looking forward to a game of the very best. We congratulate them on heading the League Table, and they are certain to receive an hearty welcome when they make their appearance this afternoon.

We being the champion club of the district are entitled to a match on our ground. Our opponents being selected from Broughton and Salford. The date suggested is April 29th.

The Swinton Brass Band will play selections on Monday next. They are making a special effort to buy Instruments. Your assistance will be appreciated.

Thanks to our efforts, respecting the draining and treatment of the ground, we have now got a pitch, that as regards being dry, is equal to anything in the Union. This allows us to give the opportunity of using the ground to our struggling Juniors.

Easter Monday, at 10-30: St. Peter's Old Boys have the use of the ground.

Tuesday night: Swinton Park play Wardley.

Wednesday night: St. Peter's Old Boys meet St. Stevens. This match is towards the Bazaar Funds in connection with St. Peter's Church. We commend all these efforts to your consideration.

NEXT HOME MATCH:

EASTER MONDAY, APRIL 17th,

# SWINTON v. HULL KINGSTON R.
