A

All the players playing to-day are qualified by birth to play for their respective Counties, several of the Gunberland team have left their original clubs to play for other jerseys. The gates in Gunberland do not allow the remuneration received by players in LANCASHIRE and YORKSHIRE which many partly account for this migration. We find Walmsley and Ward playing for Leaps. Clarke, Papwick and Skamper of Huddersfield Southward wear the Red Jerseys of

Salford. Huddersfield Southward wear the Red Jerseys of

Gunberland. Gunberland has been helping himself, and his Club, to goals ever since before Lancashire players had to be Lancashire born. Joe played for 6 successive seasons for LANCASHIRE. He captained Oldham Gunberland, and ENGLAND against the first professional team, that visited us from Australia, and helped to win every one of these five matches. He has kicked some wonderful goals, and as he himself modestly says has missed some easy ones. We at Oldham, well remember a drop kick of his at Broughton that won Oldham the Lancashire Cup, and put paid to our aspirations. The LANCASHIRE players will not need any introduction, you will doubtless know them all.

Q

The Winton Club are proud to have the honor of this match being played on our ground. It is some 26 or 27 years since a county match was played here, when Cheshire were the visitors. We cordially welcome both teams, and the country officials and hope that the match will be a success in every way. J.W.S.
