

## NOTES.

The completion of the third round of the Rugby League Challenge Cup, left Lancashire in the happy position of having three clubs in the Semi-Final, viz: Barrow, Oldham and Wigan. The only surviving Yorkshire Club being the powerful Huddersfield Team.

To-day's match at the Willows between Barrow and Wigan, has aroused tremendous interest throughout the whole County. Should the weather be favourable a big gate is assured.

Barrow are to be congratulated on reaching the Semi-Final for the second time in successive seasons, and are as keen as mustard upon further advancement, Wigan also will be just as keen as their opponents, having won every honour it is possible to win with the sole exception of the Rugby League Cup. They reached the Final on two occasions, once in 1911, against Broughton Rangers at Salford, and again in 1920 when Huddersfield defeated them at Leeds. At the present moment they are playing magnificent football, and quite a number of enthusiasts are confident they will attain their great ambition by lifting the Cup.

It is dangerous to prophesy in Cup-Tie games, and League Form often gets upset.

Barrow are hoping to demonstrate this in to-day's encounter. Whatever the result spectators should be assured of a great game.

The match has an added interest in view of the fact that no less than seven of the players are "Tourists" viz: Carr and Burgess of Barrow, and Sullivan, Ring, Howley, Hurcombe and Price of Wigan.

The "Tourists" sail on Friday, 11th April, from Tilbury Docks, with the exception of those players engaged in the Cup Final, who travel overland and join the steamer at Marseilles.

The records of the teams in the competition are:—
