

We still have games with Wigan, Broughton and Widnes at City Road to be arranged. Wigan should be a great draw as possible finalists, though it is unlikely that we will get as good a gate as we would have done on the Saturday that they play Widnes. While we wish them good luck in their journey to Wembley, we remember that Widnes are just as good friends of ours, and may the best team win.

We can all help the Benefit Fund for Bailey and Highcock in some way or other. On Monday night a Dance is to be held in aid of it at the Boundary Road Baths. Would you like a ticket?

It is said that Oldham were anxious to obtain Davies and Butler of the Saints. I see that Davies has gone to Warrington.

#### HALF-TIME SCORE BOARD

A BARROW		B SAINTS	
C BROUGHTON		D WIDNES	
E L'POOL STANLEY		F WIGAN	
G SALFORD		H LEIGH

The Oldham team we welcome to-day is captained by Billy Greenall. We are pleased to see him doing so well with his new team.

### "AT HOME."

If it wasn't for the fact that we have had no practice matches, we might be excused for imagining that this is the start of a new season.

The Recs have not played at City Road since they beat Rochdale on the first Saturday in February. If that isn't a record it ought to be.

We have quite a lot of postponed games to dispose of, but so far the only one fixed up is the away game with Wigan next Wednesday, and the kick-off is at 5 o'clock. It is hoped to arrange the dates for the others in the next few days.

With the exception of Hampson, who was injured at work, and Liptrot who has not got over the influenza, we are still able to field the team which has done so well for the past three or four months.

While it seems too much to expect to get into the top four, there will be plenty of interest in our remaining games because of the necessity of holding our position in the top five Lancashire clubs in order to get attractive Yorkshire games next season.

On Good Friday Newcastle pay their first visit to the town. They seem to have set about their task in a more business-like way than some of our other newcomers. The team is building up nicely and they are moving to a better ground in a better Rugby centre of the town. We must give them an encouraging welcome.

The day after, Barrow are at City Road and we can readily imagine what a ding-dong struggle that will be.
