OLDHAM

After several years of moderate success, Oldham appear to be building up a really serviceable young side. They come with a reputation for sound football, backed by exceptional team work. They have only one outstanding capture this season—Rhydderch, a Welsh centre, who is already making a name for clever and elusive play. Tom Rees, the full-back, has quite a number of years of service to his credit. He remains a beautiful fielder and kicker of a ball, while his goal-kicking is much above the average. Macrae is a sound Scottish centre; while Holt, a young local, is one of our few amateurs. He is a speedy and determined runner. Oldham are particularly fortunate in having two loose forwards available of the calibre of Cattlin and Givvons. Many clubs would say: "Happy could I be with either!" Ashworth is a burly Cumbrian scrummager. McNally is, of course, the Ulverston youth.

Last Saturday Oldham ran up 33 pts. against York. A good game is expected.

fireworks display. We are assured that the show will be a very fine one indeed, and we sincerely trust our supporters will patronise it in large numbers. It is for a cause we surely, all of us, have at heart.

ODSAL

A visit to Bradford used to be a depressing business with a club, practically down and out, struggling along with the help of a handful of real enthusiasts. To-day, what a transformation! Big crowds, good accommodation and a ground of immeasurable possibilities. The chairman is one of the local M.P.'s, while among the directorate is a relative of Sir Charles Craven. The playing surface last year was a bugbear. It has had a great deal of attention and so far looks very well indeed.

OUR GUESTS

The following was broadcast by loud speakers at Bradford last Saturday: "We would urge our supporters to remember that the referee, touch judges and visiting team are our guests of the afternoon, and should be treated by all of us as such."

Surely this should be the sentiment on our own and all other grounds.

A PRESENT

One of our players decided to take a present from Bradford to his lady-love. He chose a powder-puff, but when he proudly displayed it in the saloon it proved to be of the baby's variety, not the lady's. Such innocence is somewhat remarkable in these days. However, one of our pram-pushers speedily pointed out the essential differences. We have not inquired into the ultimate fate of the powder-puff in question.

SCHOOLS' FOOTBALL

Our Schools' League is again in action, the matches again being played at Craven Park, chiefly on Saturday mornings. In the two inter-town competitions we have been favoured by a bye in each first round, while in each second round, by a strange coincidence, we have to visit Widnes.
