**CLUB NOTES**

By "Bob Tanner."

It is rather odd that some of our best exhibitions this season have been given on away grounds, and last Saturday's performance was every bit as good as the ones that was given at St. Helens and Batley.

From the moment when de Lloyd opened the scoring with a dropped goal, we never really looked like losing. Oldham tried all they knew in the second half, but the Keighley forwards, led by Harry Jones and Jack Thornber, never gave way an inch. Jack's try which finally settled the issue delighted the Keighley contingent immensely, especially as it came from a player who has been in the game continuously for 20 years, a record only eclipsed by the one and only, Jim Sullivan. All the team did well and Les, Jones at full-back was his usual immaculate self. It is a pity that Les is now only occasionally able to get off work and his appearances will be only at intervals.

To-day we expect to welcome Bob Western back to Keighley. This is another whole hearted player, and although he has been invited to join a more famous club, he still prefers Keighley, and we are indebted to Dewsbury for giving the necessary permission.

We hope to visit Barrow on March 6th to revive old associations in a "friendly" match, but up to the present we have not finally solved the difficulty of travel.

The Rugby League Cup-ties will follow. We have been singularly unfortunate in Cup-ties during the war period, and although we naturally like to be pitted against attractive teams, it would be very encouraging if this season we could make some real progress in this attractive competition.
