MR. DAI REES.

Ground :

Odsal Stadium.

Telephone 7429.

FREE SEATS FOR ALL MEMBERS.

It is our wish that members shall be able to see the matches at Odsal under the most favourable circumstances, consequently we have arranged that every member shall be provided with a seat under a covered stand if he so desires. More from lack of thought than from lack of intent, many of our supporters have not realised the full significance of the fact that all membership money is **RETAINED** by the club (less tax), whilst half of turnstile receipts go to visiting clubs, and whereas Bradford Northern had a record for membership equal to any in the Rugby League when war started, our membership has been gradually declining, whilst other clubs have been increasing theirs.

No effort, financial or otherwise, is being spared to bring you the finest football that war circumstances permit—is it not therefore permissible to ask you on your part, to do what you can to help that happy band of unpaid, enthusiastic men who are successfully steering the good ship "Bradford Northern" through the stormy seas of war circumstances?

We are not soliciting your support, we are going to deserve it, and it must be crystal clear to any reasonable club supporter that all clubs are now considering Post War Football possibilities and constructing plans to be put into operation immediately the peace bells chime.

Obviously, now young players will have to be introduced into the side, which means that the stronger our financial position is, the greater will be our chance of getting a first-class team together in the shortest possible time.

The situation boils itself down to this:—

**BECOMING A MEMBER
MEANS PULLING FOR BRADFORD NORTHERN.**

Surely you do not wish to pull against your own and your club's interest?—so Be Wise and Economise—look what you save by membership. You have a right to be proud of your Club and its players. Remember, it's practical support, that counts in the end—not lip service.

The first match of the season, at Wigan, was marked by a series of unlucky incidents. Gwyn Gronow had a compound fracture of the small bone in his leg, just above the ankle. Two if not all three tries served "on a plate" to Wigan. Out of numerous attempts at goal kicking, only one successful. Our captain, Trevor Foster, held up from grounding the ball between the sticks three minutes from the call of time.

In every way, our luck was "dead out." Our team were undoubtedly far more convincing than their opponents, who frankly acknowledge that last Saturday was certainly "their lucky day."
