CLUB CHATTER

Alone We Stand.

Our 100% League record is still intact. Salford challenged very strongly last week, but our lads met that challenge in the stout hearted fashion we have come to expect from them, and so we are alone in the League with maximum points.

Oldham.

The only team to lower our colours this season. They put us out of the Lancashire Cup, and to-day we meet them for the third time. Is it to be third time lucky for Leigh? Oldham will be out for that hat trick—we can expect another great struggle.

Records.

Two new ground records last week against Salford:—

1. Record crowd—over 10,000.
2. Record gate receipts—£750.

Rejoicings.

Sam Jones has at last been able to get to work at our new site—Kirkhall Lane. The work will be speeded up now week by week so that the promise to play there next season will be fulfilled.

Regrets.

Collection on the ground last week was almost a record low one! Only £21 with 10,000 people on the ground. Less than a halfpenny each! Unfortunately the collecting sheets didn't reach everybody. Try to make up for it this week. It is a great encouragement to the directors and Supporters' Club workers, to get a bumper collection at our matches.

Publicity.

We in Leigh are getting a good allocation of space in the local press for our game, but in the national press, generally speaking, the Rugby League is very neglected. I am thinking particularly of a big daily paper, which, published last Monday, failed to give the Rugby League game even one line. The remedy is in your hands—if you are not satisfied with your morning paper, write and tell them so.

Arguments Answered.

Rugby posts are 18-ft 6-in. apart and the cross bar is 10-ft. high. A Rugby ball weighs between 14½ and 15½ ounces.

An off-side player standing within the five-yards limit cannot under any circumstances be placed on-side.
