CLUB GOSSIP

Castleford defeated Hull K.R., at Craven Park, on Saturday last, by 10 points to 6 points and the victory was far more convincing than the score suggests, for at no period during the game did Hull ever look capable of crossing our line. The Rovers had not been beaten at home for the last six months, and Castleford's victory was very meritorious considering we were without the services of Howard and Anderson in the pack. The deputies, Haughey and Fleming, acquitted themselves with credit.

Our match today with Oldham has twice previously been postponed owing to fog and frost, and today's match is the last League game of the season and is a very vital one, for a win today will put Castleford in the top five Yorkshire Clubs and will give us fixtures for next season with the leading Lancashire Clubs, including Wigan, who are one of the most attractive teams over the border.

To ring down the curtain of the 1949-50 season a match has been arranged for Saturday next between Castleford and the cream of the Welsh Rugby League. The Welsh team is a very strong one and should be able to make Castleford go all the way. It should be a game well worth watching and will indicate to the Rugby League supporters of the North how strong they really are and how quickly these Welsh Rugby Union players have progressed in the League code.

G. S.

Next Home Match: Saturday, April 22, Castleford v. Welsh R.I. Kick-off 3-0 p.m.
