**OLDHAM v. WORKINGTON****WATERSHEDDINGS NEWS AND VIEWS**

For the second year in succession we have finished at the head of the Rugby League table, and now it remains to see what the ultimate issue will be. To be Champions once again is our rightful position for consistency has been the keywork of our players. What a record this past two glorious seasons has been the lot of this famous old club. Excluding today's match we have played 75 league games in the two seasons, won 65, lost 9, and drawn 1. In the same period eight Lancashire Cup ties have been played and all won. The Rugby League Challenge Cup does cast a little shadow, having played 5, won 3, lost 2. In season 1956-57 we finished at the top with 66 points, thus equalling the record of any club in the past. If we win today, we shall total 67 points, which will be an all time League record to date.

As a collective record of the team the above looks very imposing but we should be remiss if we did not mention the personal record of our full-back and captain, Bernard Ganley, in his wonderful achievement of breaking the goal-scoring record. What a feast of football we have had at Watersheddings, and what a welcome we have had on visiting the grounds of our opponents! What a good name we have created by our open football, not only in this country but also abroad! Even the Africandar (South Africa) and the New Statesman (Calcutta) have made note of us in their sporting pages. Let us continue with the good work and be a credit to our code and the sporting world.

Our visit to Leeds produced one of the best matches of the season from the spectators point of view. End to end play was the order of the day and it reminded one of a tennis match with the quickness in which defence was turned into attack—by both sides. All credit must be given to our Leeds opponents for the manner in which they kept the game open—of course, Leeds are noted for this.

The stamina of our players was wonderful when one realises that they had had a hard match against Hull the previous Wednesday. It speaks well for the fitness of the players and our training system, coupled with the fact of the individual knowing how to look after himself when not at Watersheddings. A great lot of players worthy of a club of our high standing.

## **SOME NEW THOUGHTS...PERHAPS!**

by CYRIL BRIGGS

(Sports Editor, "Warrington Guardian Series," and B.B.C. Reporter)

In these days when leading clubs are striving to make the code more interesting for the spectators and are spending vast sums of money in buying the best players that are available, it is really pleasing to see the season ending on a thrilling note. But there are some clubs in the Northern league who are asking for the h'penny and the cake. And, believe it or not, they are getting it.

### **A STRANGE ATTITUDE**

Clubs who don't want the two divisional scheme at any price, are also adamant about retaining the ban on signing New Zealand and Australia R.L. and R.U. players. And yet, in the next breath they say "Aye, but we want to take part in the cup and league pools although we don't want to put in as much £ s. d. as you big fellows." Now I cannot see the reasoning of this attitude. If the smaller clubs say that two divisions would be harmful to the game, and yet are willing to accept financial help from the cup and league pools, surely they must realise that if the leading clubs had the chance to attract overseas players, the cut for the "poor relations" from the pools would be greater.

### **INCREASE IN ATTENDANCES**

The fact that leading clubs would be ready to offer contracts to leading Australian and New Zealand players, should make it plain to those who vote against the removal of the ban, that their own "gates" would improve when they met the teams with these overseas stars. Put one or two Aussies in the Huddersfield, Swinton, and Salford teams and you would soon see the difference. Look at Warrington. If they could have another Harry Bath in their ranks they would almost trade in the statue of Oliver Cromwell at Bridge Foot—and he seems a pretty permanent fixture in these days of memorial smashing.

### **AND WHAT OF RUSSIANS?**

It is really laughable when you consider that South Africans can be signed but not Aussies, New Zealanders or Frenchmen. Italians are also O.K. and so would be a Russian or two if he could get the necessary permission from the Kremlin. The acquisition of Vollenhoven, the Springbok, has created terrific interest in St. Helens and the club is so well supported that next season will see the erection of a new stand which will rival some of the first division Soccer clubs.

So much for the progressive nature of some R.L. clubs. Now for comment nearer home. Everyone who attended Watersheddings on Wednesday evening, 16th April, had full value for their money, and more

besides. When the spectators cheer teams at the interval, it is a sure sign of the times. Both sides tried to play Rugby football of the open style for the whole of the 80 minutes, and the speed of the movements had the onlookers gasping more than the players who had actually taken part in them.

### **WONDERFUL STYLE**

Naturally, every Oldhamer was delighted with the display and also the result, but when the ball can be whipped about in such wonderful style, then surely there is nothing wrong with the game. The taking of the ball was really clever. Even the forwards seemed to be wearing magnetised gloves and few passes were dropped. What the big batch of Press-men liked was the way which the players went "into the ball." It was not a case of throwing the ball straight at the man. He was meeting the pass with speed. And the skill of the move was shown when we remember that there were few forward passes.

### **RUNNING INTO PASSES**

When Oldham scored their first try there was a typical instance of players running into the passes. They had their eyes on the ball, and were also looking to the front. It was not a case of looking to the side or upwards. The drive was always forward and at last we have seen how well the movement works. I'm not saying that Oldham have not attempted this style of football previously, but what I am claiming is that the number of correct passes has not been surpassed this season. If you remember, nine tries were scored and in every case we had smart handling before the points were obtained.

### **FINE BACKING-UP!**

What was more, a fundamental principle of Rugby was not forgotten. This was, backing-up. Supporting work has been almost a lost art in R.L. football for a long while, but here was a fine example of grand backing-up. I am sure that Oldham players will have benefited by the showing on that evening. Even Hull must have learnt a few lessons. Perhaps the lead which Oldham gave them on that occasion will be beneficial to the Humberside team in their championship quest! R.L. football will beat any game in the world if it is played in the correct manner and in the right spirit. There were one or two incidents in the Oldham-Hull game, but after all, who is perfect?

### **A DIFFICULT TASK**

The trouble with the type of play I have mentioned is that the standard is extremely hard to maintain. If a team falls below that standard, then spectators begin to complain, but they should remember that on the 16th, Hull played the right game to the end, and there was no

suggestion of negative play by the Yorkshiremen. Had there been, I'm sure on the night of nights, Oldham players would have found some way round the tactics

As I have already said, a high standard is very difficult to repeat in all games, and I'm a little disappointed with the Oldham crowd in one detail. Bernard Ganley has put his name in the book of the great by his wonderful goal-kicking. His percentage of shot successes is extremely high, otherwise he would not have had so many goals to his credit in this record-breaking season.

### WORTHY OF A CHEER!

And yet, when he misses the target by only a few inches and from a difficult angle, there are few cheers—just a loud "ooh." Surely Ganley is not expected to kick a goal everytime? Surely a good effort is worthy of a cheer. And knowing the Oldham supporters, I can vouch for the strength of their lungs!

I'm sure that having shown the crowd the type of play which can be produced in mid-week games, Oldham players were not going to let the opportunity slip by without making determined efforts to re-produce it again. We hope so, for there will be a treat in store for many thousands of people other than Oldhamers.

Home Team on left. Away Team on top. Home Team's score given first.

## OUR VISITORS

More worthy visitors to Watersheddings we could not have, especially at this time of the season. This is our last league match and we have as opponents Workington, finalists for the Challenge Cup at Wembley, Saturday, 10th May. They have also played 22 consecutive matches without defeat and are assured a play-off for the League, having to visit St. Helens. Four of their players, Southward, Wookey, Archer and Edgar are selected to go on the forthcoming Tour. It appears that today's match will be one of the stiffest of the season and we cannot afford to make any slip up. Victory or a draw will give us the Lancashire League for the second year in succession. We shall be meeting our opponents and our team will have to be in top form to record a victory. We have beaten Workington once on their own ground this season, this was a league match. If the game lives up to the game of last week against Leeds all will be satisfied. Therefore we say, welcome to Watersheddings to the Workington Club.

## FIXTURE FORMULA — 1958-59

The special meeting of the Rugby League Council on Monday, 14th April, regarding the fixture formula for season 1958-59 did not reach a finality and a postal ballot from the clubs is now taking place as to which Yorkshire Club, will come into Lancashire plus a payment of £1,000 from the Levy Fund. This club appears to be either Halifax or Dewsbury. At the meeting, each club tied with 15 votes each.

In the long, distant past, fixtures were arranged that each County club played one another and clubs were allowed to fix their own inter-County fixtures, and the league was run on a percentage basis. Under this system the best clubs always sought one another and automatically the weaker clubs played each other. There was no levy fund then.

## LEAGUE SEMI FINAL PLAY-OFF

We play Hull in the semi-final play-off on Saturday, 3rd May, and the kick-off will be 6-0 p.m. This late start has been arranged with the consent of Hull because of the clashing of the F.A. Final which is being televised.

The match at Watershedding is NOT "all ticket," the only tickets issued will be for seating accommodation. The Hull club claim one-third of the seats and we must make provision for Rugby League passes—each of which admits two—so it can be realised that we are up against it as regards to the issue of seat tickets. As usual, many of our members will again be disappointed.

## NEXT HOME MATCH AT WATERSHEDDINGS—

Next Tuesday, 29th April at 6-30 p.m.  
**OLDHAM 'A' v. ST. HELENS 'A'**
