

OLDHAM FOOTBALL CLUB

14 OLDHAM 'A' v. WORKINGTON 'A' 12

At Watersheddings, Saturday, 13th December, 1958

Kick-off 2-30 p.m.

After a period of inactivity our "A" team on Saturday last lost against a strong Widnes "A" team at Widnes by 29 points to 12 points. Although what looks a big score against us the run of play did not represent the final score.

One good feature of our "A" team play was the good form shown by Shaun Quinlan who scored two tries. One was a run the length of the field. There is no doubt about it that Quinlan is showing any amount of confidence and we look forward to some real service from this ex-Irish International. We are glad to have the services of Vin Nestor who is now stationed at Catterick, our club having been successful in having this player transferred from his Devon Depot to the North.

Today we welcome the Workington "A" team and note that in their team they have Reakes, centre, late of Leigh and Coventry R.U. also Thompson, ex Hunslet who is having a try out after serious injury. This player is of first team calibre and has given great service to the Workington Club.

We hope to have a good game today and an overdue victory for our boys.

OLDHAM "A"
