NOTES AND COMMENTS

A month ago our team went to Oldham and were beaten 25-5. To-day they play the return fixture and no doubt would like to reverse the score. They are due for another victory, having had one of the most unsuccessful seasons in the club's history. The injury bug which has hit us this season has not only affected the first team but has left a deep mark on the second string too. The result can be seen in the following statistics:—

	P.	W.	L.	D.	Points for	Agst.
Combination Matches	10	1	9	—	78	163
Lancashire Shield	3	2	1	—	42	19

This is a very unusual state of affairs, as our "A" team has frequently in past seasons provided good entertainment and ended well up the table. Last year for instance we were second in the League, second in the Rugby League Combination table, and runners-up in the Shield. Maybe the turn of the year will bring better things and with the return to fitness of several players we should be in better case to start climbing the tables in both leagues.
