NOTES ON TODAY'S GAME

Today we extend a cordial welcome to our visitors from Yorkshire. When the teams last met, at Doncaster on November 4th this year, Lancashire were narrow victors in a most entertaining and exciting game of rugby.

The game taking place this morning is to be filmed by the B.B.C. and later millions of viewers will get their first look at schoolboy rugby league football. Both teams are capable of a high standard of play and we are looking forward to a most interesting struggle.

Our sincere thanks are due to the Committee of Oldham F.C. who so readily placed the ground and facilities at our disposal this morning.
