Message from the President of the Club

Mr. President, Ladies and Gentlemen,

It is again my pleasure and privilege to address you through the medium of your Yearly Handbook. In doing so, may I express to you my thanks for the good work you have done in the past season, and also the promise of new zeal, with which your efforts in the future will be afforded. I therefore wish you every success in your new venture, with the Refreshment Bar behind the Main Stand, and I trust all who read this message will support it at all our Home Matches. You have a hard task in front of you this Season, but I am sure, that the willing workers which you have, will, by their efforts, and time, attain the high pinnacle of success we all so desire. I can assure you, that my Committee and Myself are doing all in our power to lead our Football Club into a much higher sphere in the League, and to attain our most fervent desire to have our team at Wembley.

We therefore must all work with a good and honest endeavour for the success of our Football Club, and I am sure that you with your efforts will assist in this great enterprise, and we shall achieve what we all are aiming for 'Success'.

May I again thank you for your valued efforts, and hope for a much closer link in the future, which would be to our mutual advantage.

Yours very sincerely,

HERBERT JONES,
Chairman O.F.C.

Secretary's Message

Dear Reader,

May I first of all thank you for buying this year book, and I hope that you enjoy the pages of information and photographs about the team that we in Oldham support. We in the Supporters' Club with the help of the O.F.C. committee hope to have a new canteen opened by the beginning of the season, it will be sited on the pavilion side of the ground.

I am sure that many of us want to forget the 1967-68 season and if you are like me you will be looking forward to the new season.

As Secretary of the Supporters' Club I would like to thank all the people who have in some way helped the committee to make a profit in the region of £160, this has been done by a hard working committee along with a handful of people who I wish to thank.

We congratulate Mr. H. Jones on being elected Chairman of Oldham Football Club and hope that the club will be amongst the honours at the end of the season. If you feel you can help in some way contact me on match days, or ask when the committee meets in the new Social Club.

Yours Faithfully,

A. CRAIG

Message from the President of the Supporters' Club

Ladies and Gentlemen.

Once again I have the pleasure to contribute an introduction to our Supporters' Handbook. In this day and age the value of an active, vigorous body of support has in the main been recognised by most leading clubs, we for our part must always live up to the title of "Supporters' Club", and as the name implies, provide support to our own club and the game in general.

Presentation of this Handbook gives the opportunity to recall the efforts and events of the past year and to outline the hopes and aspirations of the new, and this we trust will be a bright one in which the football standard will be as "high as the floodlight standards" and quite as brilliant as the lights.

The Oldham Football Club are trying their hardest to make improvements in the team where weaknesses are apparent, but we must realise that the purchase price of good players is now very high indeed and only continued and increased support can bring about such improvements.

If you are not a member of the Supporters' Club, then why not "join", it is only one shilling per season and registration forms can be obtained from any Committee-man, or at the Canteens and Social-Club.

May I take this opportunity of thanking Mr. H. Jones and his committee for their support, also our Coach, Mr. Helm and his playing staff for last seasons good efforts and hope that the coming season will bring with it the luck which is also necessary to bring home the honours I am sure we are yet still capable of achieving.

Don't forget friends!

"Support your Club, Join the Supporters' Club".

Yours Sincerely,

W. HILTON

(Oldham Evening Chronicle)

Oldham have turned their backs now on the 1967-68 season — and there will be no sly glances over the shoulder. Let's face it, no one wants to look back the season past. The Challenge Cup run apart, it was one of those seasons which officials and supporters dread — a transitional period with players coming and going, made all the more uncertain because of an unusually-large crop of injuries

The disappointments were eased somewhat for members by the £8,000 profit, although the cream is taken from the cake when a fair portion of that profit comes from a reduced wage bill.

However, thoughts are now on the new season. What has it got in store for us? Will there be an improvement on last term?

These have been the talking points during the summer lay-off and, generally, the fans seem confident of better fortunes.

Certainly, the season cannot be worse than last. In fact, given a reasonable amount of luck, I feel Oldham could be back to the level they occupied in the three previous seasons — around tenth position in the table.

For this to materialise, however, there will have to be a tremendous improvement in the team's defensive play.

Supporters want more tries. Who can blame them? The best form of defence is attack. But we must not lose sight of the fact that, while the try scoring record last season was comparable with others in recent seasons, the defence record was appalling.

Oldham conceded 127 tries — a fantastic defensive slide when compared with 1966-7 (79), 65-6 (87) and 64-5 (66).

Of course, things invariably run badly for a team that is down and had the side enjoyed more success it is doubtful that so many tries would have been conceded.

How many times did a team with poor morale in the early part of the season open up the flood gates once the opposition got a few points in front?

I suppose this is inevitable and no doubt there will be a big improvement defensively if the side can get that all-important psychological "lift" from a degree of success in the early part of the season.

Oldham supporters have been starved of something to really shout about for long enough. The hard core remain faithful but if the crowd potential in the town is to be really "tapped", there needs to be consistently-sound and slick shows . . . with perhaps a trophy thrown in.

The big crowds for the Bradford and Leeds cup matches showed that the town will respond to Oldham — providing the goods are put in the shop window.

It is foolhardy and pointless thinking to argue that it is up to supporters to attend matches.

The club, after all, is selling a commodity . . . professional football. If the salesmen are good, the results will come. If they are not so good, the product will remain on the production line unsold.

It is up to the salesmen — or the committee in this case — to see that their product falls in line with demands of the market it serves.

And the market at present wants, first and foremost, a football team on the field.

The Social Club and the stand alterations are all very well. But let's have the team pulling in the crowds as the top priority.

I have heard it said that the committee are hoping for much better returns from the Social Club this year.

What better way to pack the place than by packing the ground first — and that will only be achieved with an attractive and successful side.
