OUR VISITORS

Today we extend a greeting to Red Rose opposition with the visit of Oldham. Rugby League is said to be a young man's game nowadays and if this is totally true then Oldham should do well for they have one of the youngest first team squads in the game.

Frank Myler had to relinquish the club's coaching position when he stepped up to concentrate on the job for the International side, he was quickly succeeded as club coach by **Peter Smethurst** who had six playing years with Oldham in the 60's as a centre and second row forward.

Oldham suffered a £70,000 financial loss in winning the Second Division title in the season before last, and nearly another £30,000 when they consolidated their position in the First Division by finishing 8th.

A trio of leading players have been sold to newcomers Kent Invicta. Middlesex based and London employed forward **Bob Mordell**, a former England R.U. player, had been listed at his own request at £15,000. Oldham accepted Invicta's bid, and also let them have another London based forward, former Harlequin **Adrian Alexander**. They have been joined by scrum half **Gary Bishop**, son of the Great Britain former Test star, who moved to Kent Invicta in a £7,000 deal in mid August. Before these moves Oldham had more players offered for transfer than any other club, totalling almost £200,000 worth of talent at Oldham's valuations.

At the Watersheddings they eagerly await the arrival of **Nick Wright**, the 29 year old goalkicking full back who came into the New Zealand side for the Second Test against Australia recently and gave a match winning show. He will not be available for the club however until after the Maoris tour of England, and could well be playing for the tourists on Craven Park in a few days. Meanwhile **Steve Littler**, a fine prospect has graduated to the No. 1 jersey via the Colts and 'A' teams.

Oldham were hoping to sign two more New Zealanders. Centre **Alan Sinclair** arrived ten days ago but prop **Craig Coyle** who was expected to accompany him, apparently had come over earlier and had been training with Kent Invicta.

Recent signing at the end of July is 28 year old **Jim Hornby**, a former Great Britain Under 24 and Lancashire County winger, surprisingly given a free transfer by Wigan after nine years with the Club. He was a product of Wigan Colts and been a first team regular for a number of years.

Currently earning good reports is one of last season's 'finds', 20 year old local off half **Chris Willis** from Saddleworth Juniors, after a spell as an apprentice professional with Oldham Athletic F.C. A former captain of England Schools, he was in the same England Schoolboys side as **Des Foy**. This 20 year old centre started his professional career with Widnes, then moved to his home town club a year ago. He is the brother of the Wigan player.

Another exciting discovery late last season from a Huddersfield amateur side was strong running winger **Mike Taylor** who impressed in a handful of first team games.

Mick Parrish is one of the biggest inside backs in England, weighing in at 6' 4" and 15st. 8lbs. An £18,500 capture from Hunslet nearly three years ago Parrish played and scored in every one of Oldham's matches during the 1981/82 season, the only player to achieve this feat that season and indeed the only player in history to record such an achievement with two clubs - he had done it with Hunslet in 1978/79.

Oldham's representation with the Great Britain training squad is now five, four of them in the pack. Odd one out is lively scrum half **Ray Ashton**, a 21 year old Widnes St. Marie's Amateur League product who has amateur international youth, Great Britain Colts and was a shadow choice for the full Great Britain side after earning Under 24 honours last season. He has already played over 100 games for Oldham and was leading try scorer in 1981/82 with 26.

Wally Jones, also with Great Britain Under 24 honours, is a former Latchford Albion prop who had been on loan to Blackpool, was not retained, and cost a mere £2,000 from Rochdale last October. Prop or second row **Andy Goodway** a 22 year old Castleford born player signed in 1979, quickly progressed to full international status with a try-scoring display for Great Britain against France, after doing well in Britain's Under 24's last season. The brother of the Warrington player, **Mick Warrall**, also 22 and signed in August 1979 is similarly a former Great Britain Colt and Under 24 player and 'shadow' choice for Great Britain last season. He is a reliable stand-in when a goalkicker is needed. Last of the quintet is 23 year old loose forward **Terry Flanagan**, another product of the prolific Saddleworth 'nursery', a former captain of Great Britain Under 24's and last season a full Test player. He is the brother of Kevin, the former Oldham and Rochdale player, and son of Bill Flanagan the former Belle Vue Rangers hooker.

Experience in the Oldham backs is provided by **Green Vigo**, the South African born former Wigan winger, signed from Swinton a year last August in an exchange deal involving centre Clive Hunter. Valued at £25,000, **Ashley McEwan** is the New Zealand centre who joined Oldham after trials with Rovers and a spell with Blackpool Borough.

In the pack the evergreen **Mick Morgan** joined them in a £4,000 deal last February. The former Wakefield, York and Featherstone forward had just given up the Caslisle player-coach job. A great character on and off the field, Mick is the lively auctioneer of the Rugby League Road Show. Captain **Alan McCurrie** signed from Wakefield in October, 1981 in an exchange deal also involving Billy Harris, and previously with Whitehaven, is a hooker with several try hat tricks to testify to his lively play in the loose and many appearances for Cumbria to his credit.

Paddy Kirwan is a Colts International and Lancashire County player and though perhaps overshadowed by Ashton at scrum half is almost the regular back substitute. **Paul Lowndes** is a youngster on the verge of first team football. He has played for Lancashire and Great Britain Colts, and **Alan Platt**, listed at £45,000 is a second row man and a powerful kicker who hails from the Leigh district.

One of the most enthusiastic players to take to the field is **Tom Naidole**, who had a brief spell with Wigan and is the son of a former Huddersfield Fijian player.

Leading forward **Mick Coombes**, a product of the Colts, a 15st. six footer is out with a dislocated shoulder, and another sidelined with a similar injury is **Colin Hawkyard** who started as a forward but moved back to earn a regular centre berth.

ROY OF THE ROVERS MEETS HIS MARK

With a cover photo as topical as you can get, the **Roy Holdstock Testimonial Brochure** goes on sale around the Stadium today, full value for the money at £1 per copy. Lots of photo's are included, along with features many of which have been written by Roy himself. read Roy's opinions on a host of items, including some views on disciplinary matters.

That cover photo? It shows Roy in direct opposition to his new clubmate Mark Broadhurst.

Forthcoming events in aid of Roy's Testimonial include a **Social Evening** at the **Tiger Inn**, Cottingham on Tuesday, 4th October (7.30 p.m.); a **Hen Nite** specially for the Ladies at the **Ambassador Club**, Holderness Road on Thursday, 6th October (7.30 p.m.); and another **Social Evening** at the **Willows Club**, Holderness Road on Thursday, 13th October, (7.30 p.m.).

For the Gentlemen there's a **"Sportsmen's Lunch"** on Friday, 21st October at the **Willerby Manor Hotel** (12 noon) at which we expect guest speakers to include Johnny Wardle and Peter Fox. Should be good value with tickets at £12 each.

Meanwhile our thanks to all those who contributed to Roy's collection at the Widnes game, which raised £161.41, and to all who made the Johnny Pat Show Band with Cabaret by Phil and Jacky Devon in the Stadium Club such a successful evening last week.

Roy's son David will act as club mascot at today's match and at home games for the remainder of the season.

CENTENARY SUCCESS

Those who had witnessed the Yorkshire cup tie at Odsal, a repeat of last year's tie and the third year in succession that Bradford have deposed us from the County Cup competition, came away satisfied we had gone very close to winning. Indeed had we not been at a numerical disadvantage for threequarters of the game we would surely have gained our very first ever cup success at Odsal. The merit of this becomes even more apparent as we observe that Northern soon became the only First Division side with a hundred percent league record.

The improved form we showed at Odsal was carried over to the following week and the visit of Widnes to Craven Park. Here was a match we were especially keen to win; not only because of our regular closeness of the scores between the two sides in recent season and hence the added rivalry, but also because this game represented the closest match date to the Club's formation one hundred years earlier.

Few would have given much for our chances of a Centenary success, however, when the composition of our side became known. In addition to the injuries already sustained at club level, both George Fairbairn and Dave Watkinson had to withdraw following knocks sustained in a Great Britain squad practice game during midweek.

Our side, however, responded quite splendidly to the challenge. Paul Harkin in particular buzzed around very effectively to keep things moving, and Roy Holdstock had a tremendous game in the forwards. Whilst his display rightly earned him the man-of-the-match award it must also have left him contemplating one or two incidents which produced only a penalty yet looked no less severe than "that elbow" which has earned him his suspended suspension. Steve Hartley's name can also be added to the list of leading off halves who have fallen victim to off-the-ball attention from the same opponent this year.

But these were isolated incidents, which cost Widnes dear in penalty goals successfully taken by John Lydiat, whilst the only try of the game came whilst Eric Hughes was pondering indiscretions from the touchline. It was not a "dirty game", but it was certainly a hard one, well worthy of meetings between our two sides. A thriller which, despite the new rules (and there were only three occasions when possession was handed over at the expiry of six tackles) was not unlike the style of many games last season. At the end our players merited the standing ovation they received, a satisfactory conclusion to a Centenary occasion.

A fine but blustery afternoon saw Warrington at strength against Rovers, still lacking half a dozen of our leading players. Our only change from our Widnes victory however was on the substitutes bench, and yet the performance of the side was unrecognisable from that seven days earlier.

The bounce of the ball seemed to go Warrington's way, but this should not be advanced as an excuse for our defeat. We are still searching for our first away win of the season, and will not achieve it on this form as we missed tackles, fumbled our handling, and generally showed a lack of backing up.

We could and should have won this one; instead we cannot disguise that we were well beaten. Chris Burton was outstanding in a pack which otherwise lacked fire and running power, and leadership when Len Casey had to be withdrawn at the interval.

Solitary bright spot for us was Steve Hartley's try, the best of the match. It was one of his old style scores when he took a pass from Holdstock and went 50 yards, rounding the full back with ease.

John Lydiat - kicked three goals against Widnes

COLTS' COLUMN

Setbacks for our Colts over the last two weeks with defeats at the hands of Hull at East Park and Castleford at Wheldon Road.

Without a signed-on player in the side, the 14-10 result at home was a most creditable one. Facing a side containing several professionals, some with first team experience, the Young Robins battled gamely on and at the end of the day the difference between the side was to be seen only in goal kicks, with both sides scoring two tries, Rovers pair coming from newcomer Rob Wray who took both chances well, Ricky Hewland adding the goal.

Against Castleford Rovers faced the same problem, lack of experience showing at the crucial moment with 'Cas' taking all their chances to capitalise on Rovers inexperience. Rovers sole try was scored by Richard Kelly (brother of Andy) with Ricky Hewland kicking three goals.

CENTENARY BOOKLET

"HULL KINGSTON ROVERS, A CENTENARY BOOKLET 1883-1983", is now on sale in the Rovers Souvenir Shop, and is excellent value at £4.50. It should appeal to every Rovers' supporter.

Compiled by **Mike Ulyatt**, and published by Lockington Publishing Co. Ltd., it includes a wealth of photographs and historic engravings; the story of the club from its formation with comments and reports on every season; and a comprehensive set of statistics.

I have been asked, however, why Mike's statistics appear to differ from my own, published from time to time in the programme. The answer would appear to be that Mike's total appearances column include those as substitute, whereas my own keep these separate, taking account of playing substitutes only. Non-playing substitutes are not included in my own statistics.

One record we do agree upon. **Jack Spamer** still holds the Club record for highest aggregate appearances with 440 - and there were no substitutes allowed in those pre-War days! He is run close, however, by **Peter Flanagan** and **John Moore**.

Mike is pictured with his booklet alongside **Bill Land**, Chairman of the Club when Mike set out on his project, and present Chairman **Colin Hutton**. Photograph Courtesy of the "Hull Daily Mail".

RESERVES SUFFER SET BACK

The season is scarcely underway, ground conditions are as suitable as they will ever be, clubs have reviewed their playing strengths during the summer, yet already we are suffering the course of postponed 'A' team matches. It is a blot on the game that occurs every season and a shame that the league permit it. Either the 'A' team league system should be completely revised and reorganised or strong action should be taken against clubs who fail to fulfill a fixture.

It is unfair to members who have purchased season passes, it is a blow to those young players who are hoping to establish themselves, to the experienced men seeking a fitness test after injury, and to clubs who see the 'A' team as the ideal bridge between junior and first team football. It is difficult to motivate players when they realise that after two or three training sessions each week there is no game at the end of it.

Against Hunslet at Dewsbury our young side was trailing 8-2 ten minutes before the interval and already a man short following the dismissal after 15 minutes of Paul Proctor. Yet at halftime we went in leading 10-8, and played so well in the second half when our extra speed and fitness paid dividends that we scored a further 40 points without reply.

Kevin Watson had a tremendous game, Dave Laws picking up well off him to have a good second half. Both he and Andy Kelly had hat-tricks of tries, and Graham Douglas coming on as a second half substitute scored a great try with a 30 yard charge.

Regrettably continuation of this form was interrupted when Dewsbury called off their visit to Craven Park eight days ago, unable to raise a team.

COLLECTION

We hope that everyone will give to the collection today which is being taken in aid of the Sailors' Children's Society.

COLOUR CARDS

Following an incident at the Widnes match, we are asked to clarify the use of colour cards by the referee. Whilst each club should appoint its own timekeepers, the touch judge remains the only official timekeeper and no player will be allowed to rejoin a game until permitted to do so by the appropriate touch judge.

Though the Laws of the game give the referee the option to allow a five or ten minute temporary dismissal, the shorter period will rarely be exercised. The ten minute penalty will be indicated by the display of a red card. The five minute penalty will be indicated by the display of a yellow card.

For disciplinary purposes a tariff system will apply. A ten minute penalty means a 2 point tariff, and a five minute penalty incurs a 1 point tariff. Six points accumulated in the same season or calendar year means that the offender is liable to an automatic one match suspension at the appropriate meeting of the Rugby League Disciplinary Committee.

Signal for full dismissal remains the same - the referee pointing the way to the dressing room.

PLAYERS' NEWS

A warm Craven Park welcome to **Mark Broadhurst** and family, who arrived in Hull on Thursday. The former Canterbury and New Zealand Test prop has been playing for Australian Club Illawarra for a couple of seasons and has been cleared by the New Zealand and Australian Authorities, making him immediately available for selection.

Whilst the signing of **John Dorahy** revolves around the meeting of the International Board in Auckland next Thursday, if he is given clearance as a "non-contract" player, he and his family are due to arrive here on 6th October.

Our former Australian Test prop **Arthur Beetson** will visit Craven Park shortly with the Queensland State side, now coached by "Big Arty" who is always a very popular guest at Craven Park. Date of the Rovers v Queensland match is dependant upon Yorkshire Cup results and will be either 16th or 23rd October, but it is certain our visit to Wigan on 16th is postponed, because the Central Park Club have been allocated a game with Queensland on the alternative date to that awarded to us.

Congratulations to **Gary Clark**, named for the Great Britain Under 24 squad preparing for a visit of France on 13th November.

Stating lack of first team opportunities as the reason, **Paul Proctor** asked for a transfer a couple of weeks ago. Reluctantly we listed the former Colts captain at £8,000.

Len Casey, withdrawn at the interval at Warrington with a back injury, is seeing a specialist and **Tracey Lazenby** sustained a cut head needing several stitches. **Ian Robinson's** injured knee continues to improve and an operation may not be necessary.

SUPPORTERS' CLUB NOTES

To our visitors today from Oldham we extend a warm welcome to Craven Park and will be pleased to meet them in the Supporters' Club on the car park before today's game. The visit of Oldham to East Hull today gives Rovers fans another chance to welcome an old friend, Mick Morgan, to Craven Park. One of the funniest people in the League off the field, Mick must still be one of the most talented players in the game, causing problems to any opposition.

The support at Warrington last week was fantastic and a repeat effort from the fans today could put the Robins back in top form so come on, let's hear you.

Mixed fortunes for our Rugby side with a defeat two weeks ago at the hands of Shire Horse for whom Tony Banham scored two tries in their 18-10 victory, Supporters' try being scored by Paul Windass with Keith Thompson adding three goals. Last week a different story as the side took on and defeated Kingston General by 20-6, scorers were Windass (2) with Thompson a try plus three goals, supplemented by two Graham Ellis drop goals. Reports say this was a tough encounter to say the least but the side remained cool and collected both points, plus congratulations from the referee for their attitude throughout the game. Well done lads.

Seen in the Stadium Club deep in conversation last week were two of Rovers all-time greats, Peter Flanagan and Alan Burwell, but knowing Flash it will not have been a very serious discussion. Never short of a joke or a leg pull he once tried to persuade me that the man on the Golden Horse was really his pup sign. I still don't know whether to believe him or not. But one serious thought, in their prime today what sort of price would this pair command?

A message of thanks to all supporters from Secretary Ron Turner for the magnificent collection of £282.40 for ex Robin Dave Heslop. Forced to end his career with a serious injury, Dave will be sorely missed by Wakefield Trinity who valued his services most highly. Both Ron and his Wakefield counterpart were delighted with the result, the Belle Vue Secretary saying it was a tough target for them to aim for with their collection, remarking "to equal it would be a record for Wakefield Trinity". Again thank you, you're a smashing lot.

Recent arrival in the Watkinson household, a male heir to the Watkie fortune, namely Gary David. After our remarks in the programme last season about the number of girls we seem to be getting, I am glad someone took notice and produced a little boy, splendidly done Mr. and Mrs. W. I don't suppose you considered calling him Fred?

For members travelling to away games with the Supporters' Club can we just repeat a couple of points we make every season. There is **NO ALCOHOL** allowed on any of our coaches, there are no exceptions. The numbered tickets you get on booking are not the numbers of the seats allotted to you. On boarding the coach you may sit anywhere but must retain the same seat for the return journey. Finally, any senior citizen booking will be entitled to a 50p reduction. Here endeth the sermon for today.

Tonight on stage Tony Stewart with Don and Jacky.
Next Sunday "Quasar".

See you,
FRED WARD
