WELCOME

from Gary Hetherington

To the start of a new season of Rugby League and a visit from Oldham, who accompanied us from the First Division last season. Most people in the game expect both clubs to be challenging for the 2nd Division Championship and a quick return to the top flight and today sees the first of four very crucial league fixtures.

Peter Tunks the new Oldham Coach will be pleased to see that very little has changed for the Eagles' team since he left us at the end of last season. Sonny Nickle was eventually 'stolen' by St Helens, courtesy of the Rugby League Tribunal and we have replaced Sam Penapa with fellow Kiwi Iva Ropati (who will be with us next week) and David Plange has been signed from Castleford in exchange for David Nelson. In welcoming David, who I am sure will prove to be a big success, I would also like to pay tribute to David Nelson for his outstanding service to over the past four years. Des Maea will be rejoining us early next month and our Kiwi connection has been further strengthened during the summer with the appointment to our coaching staff of Dean Riddle, a former New Zealand sprint champion who is working to increase the speed of all our players.

Other new signings include a crop of very talented youngsters - Alan Boyer and Chris Price (Kippax U17s), Lee Mowthorpe and Alex Thompson (Crown Mallett, Hull) Roger Sheridan (Dewsbury Moor) Ian Hughes (East Leeds) Michael Foster (Dewsbury) and Craig Robertson (Paddock, Huddersfield). I am sure you are going to hear a lot more about these lads in the future. They will form the nucleus of our new Academy Team (U19s) which means that we will now be operating three teams from next week. Each of these teams are approaching the new season with a great deal of confidence and I am certain that several new stars will emerge.

Finally, congratulations to Mark Gamson who will today make his 200th appearance. Mark was the club's second signing following Daryl Powell in 1984 and becomes only the second player to achieve this feat.

Yorkshire Cup

The draw for the first round will take place live on Calendar television on 2 September at approximately 6.30 pm. If Eagles get a home draw the match cannot be played on 15 September because of the McVities games, so will be played on Monday 16 September at 7.30 pm.

Rules clinic

The introduction of three divisions promises to make this one of the most interesting and compelling seasons yet for Rugby League.

Even those clubs who missed the split and ended in the 3rd Division now realise that under the new structure they have something to play for right until the end of the season.

The new second division premiership system will involve the top four teams from the third division. A lucrative game at Old Trafford next May is an incentive for any club.

The real experiment of the new system is the eight club second division. Critics argue that fans will be bored seeing the same team visit at least twice per season. But would fans rather

see Eagles v Oldham two times in a year or Eagles v Nottingham or Oldham v Chorley? (I think the answer is obvious).

Incidentally, Sheffield are slight odds on with Corals to take the Second Division title, with Oldham 2 to 1 against to top them. Real gamblers will be taking 1000 to 1 about London Crusaders to be champions or even 5000 to 1 about Hull KR or Swinton to win the Stones Bitter Championship.

The two division system was re-introduced in 1973 and has lasted 18 years. Three clubs - Batley, Doncaster and Runcorn Highfield spent the whole of that period in Division Two. All three look to have a good chance of getting back there next season.

1. From a kick off a Team A player runs in front of the ball before his team mate kicks.
Decision: The player is offside - penalty to Team B on the centre spot.
2. From the penalty, Team B fall with a kick at goal - the ball goes directly dead.
Decision: Drop kick by Team A at the middle of their own 22 metre line.
3. From the drop kick, the ball goes directly into touch without bouncing.
Decision: Penalty to B at the middle of the 22 metre line.
4. From the penalty, the kick at goal hits the post, the ball rebounds, is caught by a Team B player who runs under the posts and grounds the ball.
Decision: Try, the ball is in play once the ball has been kicked from a penalty - unlike a conversion attempt.

Eagles greatest need is financial and we are appealing to all our fans to sign on for the Cashline daily draw. Of course, many are already members and we would ask you to consider becoming an agent and enrolling some of your friends, relatives and colleagues at work.

How to join

Simply decide how many chances you wish to have and the length of time you want to pay for. Then contact the Eagles office. We will send you full details by return.

Pay by standing order

Why not pay into Cashline the easy way by standing order. Contact the Eagles office and we will send you the necessary form by return of post.

New agents needed

If you can help by enrolling some of your friends, relatives and colleagues, please contact the Eagles office and ask for Betty Lago or Hugh Waddell.

We will arrange to call and see you to explain exactly how easy it is to be a Cashline agent.

How it works

Each member receives a Membership Card bearing a letter and ten separate serial numbers. Each weekday a prize for £100 cash plus £5 consolations are drawn.

Winning numbers are printed in the Sheffield Star and weekly result sheets are available to Agents and Members.

Join now and play your part in the Eagles' search for success.

SHEFFIELD EAGLES SUPPORT CLUB

Support Club

Many thanks to all who sold and bought draw tickets in the Eagles Spring draw. This event raised £3000 for the club. The Eagles Christmas draw tickets will be available soon.

Sponsored Walk

This year's annual sponsored walk will take place on Sunday 29 September when we are playing our geographically nearest rivals Ryedale York. On previous sponsored walks we have covered a maximum distance of 20 miles. Plans have had to change this year because the Ryedale York game has been rescheduled to a 1 pm kick off. Therefore the walk will start from a point 15 miles from the Ryedale Stadium with the coach taking walkers from Sheffield to the starting point at 7.30 am. Anyone taking part and helping the Eagles to raise funds will get free transport to the starting point, free lunch, entry to the match and free transport back to Sheffield. Sponsorship forms are available from the Eagles office. If you cannot walk but are willing to help with finding sponsors or sponsoring someone yourself, we will be pleased to hear from you.

Quiz Night

Following the resounding success of the quiz night held during the summer we are pleased to announce there is to be another one on Thursday 14 November at the Attercliffe Victory Club. Adrian and Rosemary Barber did a sterling job in setting and running the last quiz night - our grateful thanks to both of them. *Full details of how to enter a team in the next quiz night are available from the Eagles office.*

Open Day

Thanks to all our supporters and friends who came along to the Eagles open day last Sunday. We sincerely hope that you had an enjoyable afternoon and that you are now all set up for the coming season.

Matchday Volunteers

All the matchday staff apart from the Security Guards and caterers are volunteers. We are very pleased and gratified with the response from our fans. By being able to staff matches with our own supporters has two benefits. Firstly it saves the club a lot of money. Secondly, and more importantly in my view, the jobs get done better because people are doing them for the right reasons. Eagles fans are without doubt the hardest working in the Rugby League. If you would like to join us volunteers on a matchday please let me know through the Eagles office.

Travel Club

Coaches for Carlisle leave Pond Street (Platform E1) at 9 am and Owlerton Stadium at 9.15 am. Cost to Travel Club members is £10 for adults, £5 for juniors and OAPs.

Routeway

Leave M6 at Junction 42. Take the second exit and follow this road for approximately 1 mile. Just before the first set of traffic lights turn left (signposted Gillford Park). Go forward past a parade of shops and follow the road down into the river valley. Cross the bridge over the river, then just before the railway bridge turn right into Gillford Park.

Challenge Cup Final

The Support Club will be running a coach to Wembley again next year for the Challenge Cup final, however you will need to arrange your own match ticket. Contact RL Headquarters direct.

LEAGUE Express

League Express is back on the streets tomorrow, giving its usual match report service from every Pro-Rugby League game played this weekend.

This season we will be introducing an expanded news service to readers, more in-depth features and a weekly column written by the top stars of Rugby League - including Eagles half back, Mark Aston.

STONES BEST BITTER

UNDERSTANDING *the Rules*

New Rules

Not that many changes for this season but nevertheless some interesting ones.

The one that will interest Eagles fans is that 'the practice of heading the ball forward *is illegal*'. *It is a pity nobody thought of that one before!*

It is also illegal to steal the ball in the tackle. There was some controversy last season when it was permissible to steal the ball if the player was making progress - a very grey area indeed - which seems to be the reason for the change. Problem is, I can see the more devious professionals giving the ball away to get a penalty of two. Look out for more controversy.

The third rule change is a bit more complex, this one regarding substitutions. Basically:

a. An injured player can now leave the field and a substitute enter the field of play with the knowledge of the touch-judge. Tactical substitutions can still only be made during the stoppage of play.

b. Should a player suffer an open wound, he can leave the field for treatment and he can be replaced for ten minutes without that affecting the four possible substitutions a coach can make.

Should that replacement be sent off, the repaired player must sit on the bench, or if sin-binned then he must sit out the full ten minutes.

So watch out this season for the referee holding up a white card with a red cross on, to signal a player going to the *blood bin*.

Rules clinic

1. From a kick off a Team A player runs in front of the ball before this team mate kicks.

Decision: **The player is offside - penalty to Team B on the centre spot.**

2. From the penalty, Team B fall with a kick at goal - the ball goes directly dead.

Decision: Drop kick by Team A at the middle of their own 22 metre line.

3. From the drop kick, the ball goes directly into touch without bouncing.

Decision: Penalty to B at the middle of the 22 metre line.

4. From the penalty, the kick at goal hits the post, the ball rebounds, is caught by a Team B player who runs under the posts and grounds the ball.

Decision: Try, the ball is in play once the ball has been kicked from a penalty - unlike a conversion attempt.

TODAYS VISITORS

E. Gull's Eye View of Oldham

Who can give a XXXX for Oldham? Well, despite them doing the double over Eagles last year, their new sponsors of that name obviously can. Let's hope that both clubs, who were unlucky to be relegated from an extremely competitive First Division bounce back at the first attempt.

There is a lot that is new about Oldham this year and also a lot that is familiar. In an attempt to emulate Eagles and stay in the First Division for at least two consecutive years, Oldham have recruited our Peter Tunks and Eric Fitzsimons to look after the coaching side. They worked the oracle immediately by winning the Wigan 7s. I am sure we all wish Tunkerbell and Fitz the very best of luck and four defeats by Eagles. I hope for Peter's sake that the Oldham chairman was simply revealing a dry sense of humour when he gave the reason for recruiting Peter as being, that the club had tried everything else on the coaching side, so they might as well now try an Aussie! Oldham have lost their captain and playmaker, scrum half Mike Ford during the close season. At the time of writing they were negotiating to sign Neil Holding from Hornets as a replacement. Half back may be one area where Eagles have the advantage today. So get amongst them Mark!

Oldham's drive will come from their experienced (a nice way of saying "getting on a bit") forwards. Ex player-coach John Fieldhouse, former Saint, Paul Round and Kiwi, Charlie McAlister will all prove to be the usual hand full. Aussie import Vince Nicklin made a useful start at the Wigan 7s as did their young speed merchants, Gazza lookalike Abraham Phillip and the electric Richard Blackman (he must be good he kept Richard Picksley out of the BARLA touring team a couple of years ago).

HOME NEWS

Eagles welcome back Tim "Hound Dog" Wilby from Oldham who declined the opportunity to become their "A" team coach as it meant giving up playing. Although he is still going to the dogs over here, as manager of the Oldham greyhound track.

It was sad to say goodbye to the popular David Nelson. Although I am sure he will soon be running in lots of tries for Cas at the left corner flag, all from the right wing position of course! Good luck Nellie and thanks.

I am sure we all wish Nellie's replacement David Plange the greatest success. He is certainly some player.

I can now reveal why Sonny Nickle left Eagles. He overheard Gary say to Daryl that he was going to give him a cortisone injection. Sonny said "If you don't give me one of those cars as well, I'm off". In all seriousness, Sonny was a star, as well as the storming tries he scored, he is probably the best cover tackler in the game. We all wish him well at Saints. I am sure the Eagles management are extremely grateful to the Rugby League tribunal for using his case as an opportunity to reduce the spiralling transfer fees in the game.

In future editions there are bleeding players (the blood bin that is), Eagles stars of the future, the Kiwi Konnection and lots more.

On with the match. EEEEGULLS.

Young members passes

Please remember that your membership pass which was sent to you recently can only be used for home League games.

If *Eagles* are fortunate enough to have any home cup matches you must pay to watch these. (Admission price will be £3).

New members wanted

Can you help us to once again have the biggest young members club in the Rugby League. Introduce a friend as a young member and you will receive a special gift voucher worth £5 to spend in the Club shop.

All you have to do is ask your friend to let you write your name and membership number on their membership application form your voucher will be sent to you. If you introduce an adult member (your parents, grandparents or other relative) then you will receive a voucher worth £10.

Competition time

We received a lot of really good designs in the *Design a new strip* competition! The standard at all age groups was very high. The winning names will be printed in the programme on the 6th October. The new replica shirts will be in the Clubshop in the next week to ten days.

Welcome all members

To all those young members who were members last year. Welcome back!

To all those who have only just joined us. Welcome to the YMC.
It promises to be an exciting season.

Please remember that this is YOUR club and we are only too pleased to hear from anyone. Let us have your Korny Korner jokes for the programme. Let us know if you have done or been anywhere interesting this summer. Let us have your ideas and suggestions. Feel free to ring us at any (reasonable) time.

31 August 1991

Eagles 40 Mansfield Marksman 5

Team:

Lane; Lidbury; Dickinson; Nason; Rafferty; Gamson;
Smith (Miller 45); Bridgeman; Cholmondeley; Far-
rell; Glancy (Sherwood 68); Kuhnemann; Powell.

Scorers

Tries: Smith, Lidbury 2, Rafferty, Dickinson 3.

Goals: Rafferty 6

The Eagles notched a record forty points in opening their 1986/87 campaign against a troubled Marksman side.

Mansfield set off with a drop goal from Sanderson in the first minute, but it only served to spur on the Eagles, for whom Kuhnemann earned the main honours, with "Bludger" Bridgeman's powerful runs again catching the eye.

Sheffield went ahead in the fourth minute, Smith crossing to give Rafferty the opportunity to kick his 100th goal for the Eagles.

Winger Steve Lidbury celebrated his debut by cutting a poor Mansfield defence to pieces before another debutant, Kevin Nason, set Rafferty loose on a spectacular 70 yard run to the line.

Despite a hamstring injury to Gary Smith the Eagles continued to pile up points in a second half which belonged to classy centre Andy Dickinson. He ran in a hat trick of tries after young Lidbury had added to his tally.

Somewhere along the line, Mansfield added a try - scored by one N C Kellett, who was to end the season with the Eagles - but that's another story.

Gary Smith:

Playing record

Season	App'r's	Tr's	D/Goal	Pts
1985/6	17	2	2	10
1986/7	27+3	9	1	37
1987/8	23+3	5	-	20
Total	67+6	16	3	67

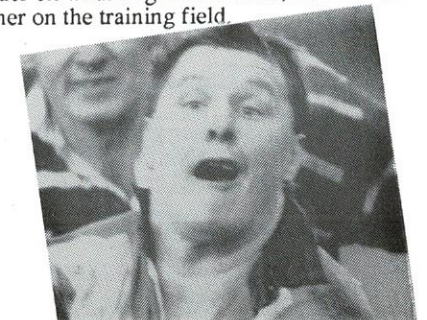

Rugby League players are not always athletic looking. Gary Smith looked anything but a professional athlete - overweight, hated training, smoked like a chimney, a steady, if not heavy drinker, mouth full of bad teeth - yet he was undoubtedly a player of immense innate talent.

Gary had spent fifteen years at York appearing in a Yorkshire Cup final and Challenge Cup semi-final, before coming to the Eagles in January 1986. He was almost 32 and his role was to be that of playmaker, adding knowhow to the talented, but inexperienced Eagles team.

His debut was not a success. On a cold, wet night at the decrepit Athletic Grounds at Rotherdale, the Eagles went down 24-4.

Smithy was virtually an ever-present in the following two seasons, as the Eagles marched steadily towards the top of the table. Although he was much slower than in his York days, he still had a magical sleight of hand and could accelerate quickly over short distances.

Smithy's last game for the Eagles was in France against a combined Carcassonne-Lezignan-Limoux team. Unfortunately his career ended as it began, with a twenty point defeat, 40-20. As the Eagles youngsters developed, the time was right for the 34 year old to retire, perhaps to ponder on what might have been, had he been keener on the training field.

JUNIOR EAGLES

Amateur Rugby League Club

Rugby League is a fast growing sport for children in Sheffield. Prior to the formation of Sheffield Eagles in 1985 the sport was not played in the city in any organised sense. In the past six years the explosion of interest has been extraordinary. Rugby League is now played in the majority of Sheffield Secondary Schools and in a rapidly increasing number of Primary Schools. It is a game that has much to offer youngsters - a full range of physical skills the collaborative endeavour, individual and collective discipline and a tradition of fair play.

Junior Eagles was formed in 1988 to give children the opportunity to develop their interest in the game and enhance their playing skills.

After a modest beginning the club now has a membership of over 150 youngsters from five to seventeen and a wide range of support from parents and coaches. During the 1991/2 season the club will run teams at under 9, 11, 13, 14, 15 and 17 level.

Although there is no formal link with Sheffield Eagles, Gary Hetherington and his staff are extremely supportive and close links exist between the professional clubs and Junior Eagles. This includes the joint use of facilities at the Don Valley International Stadium one night a week when on occasions he, his coaches and players join in with the coaching of our youngsters. On ten occasions last season our sides provided prematch entertainment at Sheffield Eagles First Division matches; giving an enormous boost to our players and helping to promote the game with our youngsters.

Junior Eagles have an entirely open policy to membership. All children regardless of ability are welcome. The club has a positive policy in encouraging girls to play and have three qualified women coaches in our coaching team of ten. We encourage discipline, loyalty to their peers and a sense of striving for achievement whatever their ability. We like to see our teams achieving a high level of success, such as our under 11 side that won the South West Yorkshire League and Cup. However, we take as much pleasure in seeing the less able progress. Playing should be fun and we believe it is with the Junior Eagles!

Under 14, 13, 12, 11, 9 Tel: Ted Dowde 336104 Marion or Ian Annis 550535.

'A' TEAM NEWS

This season, with the admission of Scarborough, Chorley and Hemel Hempstead, the Alliance Second Division has 20 teams and to avoid a contrived fixture formula, as well as some excessive travelling for clubs at Rugby League outposts. The League has been split into East and West sections. The top team from each section will be promoted.

With only 18 League fixtures, weather permitting, the League season will finish on 18 January 1992. The following two months will be taken up with the

Alliance Challenge Cup competition and a new Spring Cup for which only Second Division clubs will be eligible. The clubs will be drawn into four groups of five and play each other team in the group either at home or away. The winners of each group will then take part in the semi-finals and the final.

It promises to be an exciting season with our young side pressing for promotion. We look forward to seeing you at Woodbourne Road on Friday nights this season.

News from RUGBY LEAGUE HEADQUARTERS

Rodstock War of the Roses

Workington Town's Oldham born player-coach Ray Ashton has accepted the challenge to end the Peter Fox inspired Yorkshire stranglehold of the Rodstock War of the Roses.

The White Rose side have won all five encounters in the County of Origin showpiece since its introduction in 1985.

Former Oldham and Leeds scrum-half Ashton takes over the coaching reins of Lancashire, previously held by Alex Murphy and Doug Laughton. Ashton, who took over as player-coach of Workington Town last season, was one of the three nominees for the title Stones Bitter Coach of the Year 1991.

The 1991 Rodstock War of the Roses encounter will be staged at Leeds RLFC on Wednesday 18 September at 7.30 pm. Once again, the County of Origin fixture will serve as a pointer for selection for the Great Britain side, who meet Papua New Guinea at Wigan in a British Coal Test on Saturday 9 November.

Seat tickets are available in advance, telephone 0532 629991 for details.

TARGET WEMBLEY

Sheffield Schools Rugby League Association has set itself a target for 1993 - to see a Sheffield City team play at Wembley Stadium in the curtain-raiser to the Rugby League Challenge Cup Final.

The dream might seem unrealistic considering Rugby League was almost unknown to Sheffield youngsters five or six years ago.

But with Rugby League now included on the timetable in 2/3 of secondary schools and over 40 primary schools receiving top-notch coaching from S.A.D.A.R.L.D.A. aims to help the Schools Association in their Wembley ambitions and has launched a new patrons scheme to support their work in local schools.

For a small monthly contribution, companies or individuals can enjoy some superb Rugby League benefits, including a luxury VIP trip to Wembley in the spring, tickets to Eagles matches and the use of the Stadium car park.

Many thanks to two new Patrons who will be joining us today - Mr Jim Doran of Tinsley Wire and Mike Dudley of MHG (Systems) Ltd.

Look out for school visits this term by Eagles players, Mark Aston, Daryl Powell and Iva Ropati.
