CURRIE

Tony Currie, Head Coach

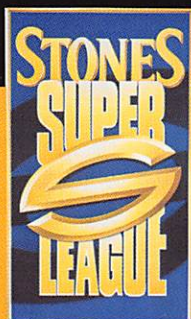

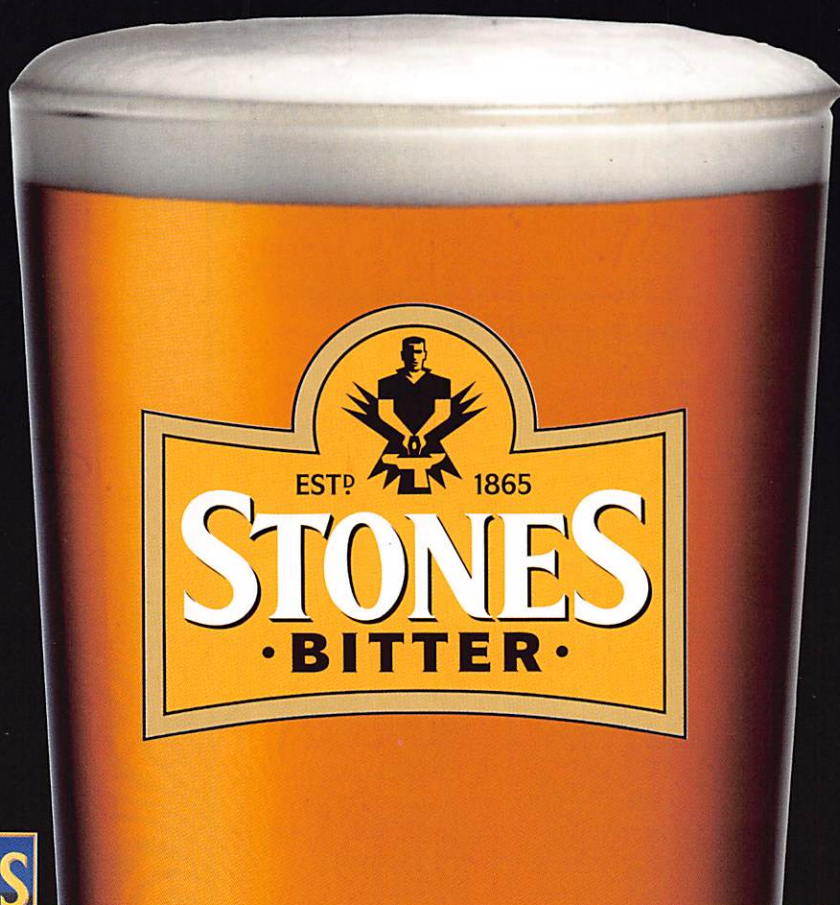

The World Club Championship games have finished and London are very happy to be at number two on the European table. Canterbury dished out a footballing lesson to us last Friday. It was a funny game and if circumstances had gone our way we could quite easily have led 16-0. We did not take our chances while the 'Dogs' made the most of theirs.

I got the feeling at Saturday morning's session that the boys were relieved to have completed the Australian games. I can see their side of things. After all, we had played three games in 11 days. London are a good side, but I defy any team to play Canberra, Brisbane and Canterbury inside 11 days. So feel proud you boys, you did the club proud.

Now back to business and Oldham. Believe me when I say I am not making excuses before tonight's game, but this will be four games in 15 days. The injury list is growing. The Bears are fresh and playing improved football under Bob Lindner. They are hungry to clear the relegation zone and I am sure they are quietly confident of getting the points.

I can assure our supporters that the team representing London tonight will give 100% commitment. That is all I am asking because I know we have the talent to get us home. A win tonight will continue to consolidate our top three position and show that the London club has strength in depth. I am hoping everyone has an injury free game. Our next one is against Castleford in three days time, but that's another story...

TOP OF THE LEAGUE

TASTE THE ACTION

CLUB NEWS

JUNIOR BRONCOS

The Junior Broncos now have over 120 members and are still growing. If you have not yet joined see Michele or Caroline in front of the East Stand where they can be found painting faces. The youngest Junior Bronco member is three-month old Dixon Blighton, brother of two year old André. For those Junior Broncos still waiting for T-shirts, please be patient, they have been ordered and should be available soon. Finally, why not design a logo for the Junior Broncos page. The first three winning designs will win a set of this season's match day programmes. Please send entries to The Junior Broncos, 8 The Chase, Norbury, SW16 3AD.

NORTHERN SUPPORT

Something strange is happening. The 5,000th London Broncos replica shirt was sold this week, to a supporter living in Wigan. And the newest member of the Junior Broncos is Shaun Mason aged 10, from Wigan. We can confirm there will be no ground sharing at Central Park or even Tescos.

RECRUITING

St Albans Centurions require players. If interested call Gary Tetton on 01727 760734 or Mark Harrison on 0171 357 2252.

G'DAY JIMMY

London Broncos skipper Terry Matterson and Ian Healy (Aussie wicketkeeper and vice captain) were captured by our photographer earlier in the season at The Stoop. Both are Australian born, though Matterson now plays internationally for Scotland. Healey, who at the time the picture was taken wasn't happy with the way the Ashes tour was progressing for Australia, was enquiring from Terry about the requirements for Scottish nationality. He's probably changed his mind now.

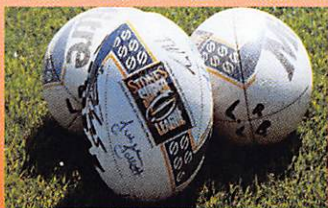

CAT WALK

Martin Offiah and Wes Cotton will be taking to the catwalk on 13 August at a fashion show at Emporium in Kingsly St, W1. Martin will showing off his latest moves from Bedford, Wes will just be showing off.

BLAST FROM THE PAST

A Club XIII turned out against Crawley last Wednesday. The Broncos, boasting such names from the playing past as Darryl Pitt, Dave Rotherham and Glen Workman went down 24-22. London's tries came from Peter Choy (2), Daniel Oliver and Jim Lofling. Kevin Bates' sterling display at full back deserves a special mention.

Tonight's Match Ball Sponsor Peter and Ben Marsh

World Club Championship

LONDON 22 **CANTERBURY 44**

Broncos finished the UK leg of the World Club Championship matches with a whimper rather than the hoped for bang when they fell 42-22 to Canterbury Bulldogs.

However, they do have a home quarter final, finishing second in the European pool behind Wigan and now likely to face Cronulla.

Despite taking a fourth minute

6-0 lead from a magnificent try by Wes Cotton on his debut, London never fully got to grips with the Aussies.

Cotton opened the scoring running through on to a pinpoint kick over the top by Josh White. London held on to the lead until the 17th minute when quick handling created the chance for Shane Marteene to score a try

for the Bulldogs, converted by Halligan.

Broncos forwards Howard, Hamilton and Bawden battled hard, but Broncos fluffed a golden chance when a pass from Barwick failed to find Cotton in the 22nd minute.

With Shaun Edwards controversially sinbinned following an over reaction by the referee to push-

ing at the play the ball, Canterbury made the breakthrough they were looking for in the 24th minute. Again quick handling caught the Broncos defence on the back foot and Mitch Newton went over for the try. Newton scored again nine minutes later following a handling error by Nick Mardon under a high ball. Halligan converted both.

The nightmare continued for London when two minutes before half time Simon Gillies brushed off tacklers to score. Halligan's conversion sent London in 24-6 down.

Broncos came out with more determination. With Halligan sent to the sinbin early in the half, London made most of the extra man. Gill put out a brilliant pass to Barwick who found Wes Cotton in support to score in the corner. Barwick missed the con-

POINTS SCORERS

LONDON

Tries:Cotton (2), Edwards, Howard
Goals:.....Barwick (3)

BRISBANE

Tries:Newton (2), El Masri, Mateene , Timu, Mears, Silva
Goals:.....Halligan (5)

But London then allowed the floodgates to open and Canterbury ran their defence ragged. Hooker Robert Mears ducked under tacklers to score, El Masri scored in the corner three minutes later, followed up soon after by a try by John Timu which Halligan converted (16-38). A brief London rally in the 76th minute saw Edwards

version.

Both teams continued to make handling errors, often trying to pass when it would have been better to retain possession. London continued to press and in the 61st minute reduced the gap to eight points when Edwards broke on to a White grubber kick to score under the posts. Barwick added the two points.

putting Kim Howard in for his first try for the Broncos, Barwick goaled.

The last word went to the Bulldogs in the last minute of the game. Full back Rod Silva broke through the London defence from inside his own half and raced away to score. Halligan's conversion ensured the 22-42 win for the Bulldogs.

OF

THE LONDON BRONCOS

GREG BARWICK

Since coming back into the team after the trip to Oz you have found your form again? Do you feel you are playing better now?

I'm going OK but I feel that I could definitely improve a lot more.

You had a run out in the Alliance and scored 44 points. Was that the incentive you needed to get back in the first team?

Certainly was. I didn't enjoy that experience at all.

The Aussie games have been tough but we are clearly narrowing the gap quickly. Have you enjoyed having the Aussies over here and showing them what we can really do?

It's definitely much easier playing at home because the travelling really takes it out of you. Playing in front of all our fans lifts the team as well.

Do you think the Aussie games were more important than the win over Wigan? Which game have you enjoyed the most?

The Wigan game was very important for the club and for us to realise we can defeat the big clubs, but the Canberra game was very enjoyable.

You have been unlucky with injuries since joining London. Has that been frustrating?

Very frustrating. It's been very annoying.

You have played at full back, wing and centre this season. What is your preferred position and why?

I prefer playing centre because I enjoy the added involvement.

Now that you are scoring regu-

larly do you have a points target for the season?

I don't really have a points target. I just want to score as many points as possible.

Do you think London can win a trophy this season?

I think the Super League title might be too far gone but the Premiership is a definite goal for the team, and who knows what could happen in the World Club Championship.

How important are the bigger crowds we have been getting to the lads in the changing room?

All the boys are very excited about the crowds, it's very inspirational.

What is your personal aim while playing in London? How long will you be here for?

To hopefully win the Premiership at Old Trafford. My contract expires at the end of the season.

You have played in an Australian Grand Final for

Penrith. How different is the structure here? I don't really know too much about how the game is being run

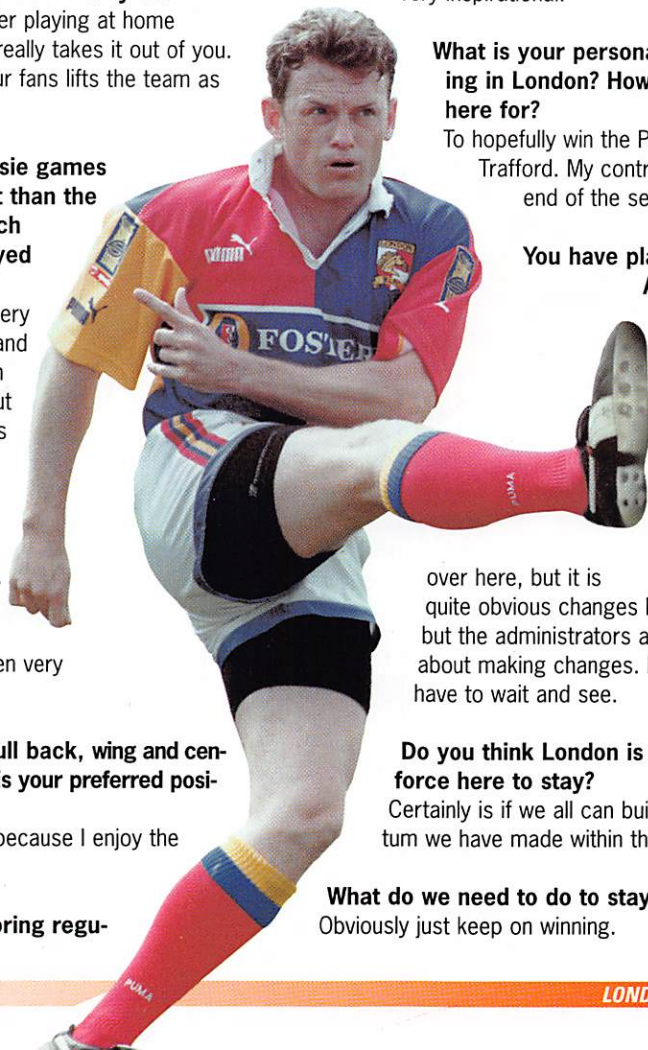

over here, but it is quite obvious changes have to be made, but the administrators are talking tough about making changes. I guess we will have to wait and see.

Do you think London is a Rugby League force here to stay?

Certainly is if we all can build on the momentum we have made within the last few weeks.

What do we need to do to stay at the top?

Obviously just keep on winning.

What would **YOU** do
to get a
LONDON BRONCOS
replica shirt?

LONDON BRONCOS UNDER 16 RUGBY LEAGUE

The London Broncos organise the London Schools Under 16 Rugby League Programme with coaching sessions and selection at this level for the area schools under 16 team to compete in the National Schools League and Cup competitions.

Matches are played at weekends from September to April and training/coaching sessions take place on Wednesdays at 6.30pm prompt at The Stoop Memorial Ground, Twickenham.

For the 1997-98 season players should be under 16 years on September 1, 1997.

There is also an opportunity to join the highly successful London Broncos Academy squad for Summer 1997 to play in the Super League Under 19 competitions against Wigan, St Helens, Leeds, Bradford etc in the National Academy League.

**IF YOU ARE INTERESTED IN THE ABOVE OR WOULD LIKE FURTHER INFORMATION,

FRIENDS OF LONDON RUGBY LEAGUE

The Friends were formed in 1986 with the aim of keeping professional Rugby League alive in London. During the nineties they broadened their support to include the Amateur game in the South. From March 1997 the Friends has again expanded its brief which now encompasses **ALL** forms of Rugby league in London. - The London Broncos The Student Rugby League and London Amateur Rugby League

Membership of the Friends' in-house lottery costs just £2 per week, payable by standing order. Half of all profits are distributed in prizes, of which there are always three per week, 52 weeks per year. As the membership grows, so does the size of the weekly prizes. Over 1,500 prizes have been distributed already totaling well in excess of £100,000.

Join now and support the game in the South!

**MEMBERSHIP FORMS ARE AVAILABLE AT THE FRIENDS
STALL IN THE EAST STAND BAR AFTER THE GAME**

Alternatively for more information and membership forms please contact:

A NIGHT TO REMEMBER

LONDON BRONCOS 38 CANBERRA RAIDERS 18

World Club Championship 1997, The Stoop Memorial Ground, July 21 1997

OLDHAM BEARS

1 PAUL ATCHESON

FULL-BACK

Experienced full-back - and occasional centre - who started his professional career with Widnes. With little first team experience behind him he was snapped up by Wigan. He then joined Oldham for the start of the Stones Centenary Season. Paul has regularly gained representative honours - initially with Gt. Britain at Academy and Under-21 levels and more recently with Wales.

2 SCOTT RANSON

WINGER

Scott has been a regular for the Bears for the past five years during which time he has scored over 50 tries. Started his career with the St Helens-based Thatto Heath club before moving into the pro' game with Swinton with whom the former amateur international scored 69 tries.

3 DARREN ABRAM

CENTRE

It's a double take! The life and times of Ranson and Abram have run in parallel. Both born within a week of each other 30 years ago next month, they both had spells with Thatto Heath before turning pro. Abram has arguably been the most successful, a regular try scorer during his time with Oldham and earlier with east Lancashire rivals Rochdale Hornets. Darren spent the early part of his career with Warrington and had a season with both Chorley and Trafford. The similari-

ties continue, like Ranson centre Abram has also scored over 100 career tries.

4 PAUL TOPPING

CENTRE

It's a treble take! The third ex Swinton player on the Bears books, Paul had a spell with Swinton a la Ranson and Abram. He was also with Leigh for part of his career and has been a prolific goal kicker in his prime. A schoolboy tourist to Australia he has since represented Lancashire. A good utility player - able to play stand-off and loose forward.

5 ROB MYLER

WINGER

A player who has been unlucky with injuries during his time with the Bears. Spent the early part of his career with Warrington where he was a regular try scorer. Now also frequents the full back position. A £50,000 buy for the Bears after he had a loan spell with Salford.

6 FRANCIS MALONEY

STAND OFF

The Yorkshire-born stand off - son of former Hull and York player John Maloney - is a product of the St John Fisher club in Dewsbury and has just passed

the century mark for the third consecutive season with the Bears. He scored 113 points in 1995-6 and in the first Super League season scored 116 points - he is already well on his way to a personal record. A former schoolboy international he joined Leeds on turning professional and has since had spells with Featherstone and Warrington. A Gt. Britain international at Under-21 level.

7 MARTIN CROMPTON

SCRUM HALF

The organiser behind the Bears. A good tactician who is now in his fifth season with the Bears after service with Warrington and then Wigan. Martin made his 100th appearance for Oldham in the Boundary Park match against London Broncos in April. The captain of the Bears and a member of the Gt. Britain Nines squad earlier this year, he was a member of the Irish team which played against France early this season.

8 IAN GILDART

PROP FORWARD

A former player with Wigan and then Wakefield, Ian has won representative honours including county and international recognition at Schools and Colts level,

Player Profiles

and gained Gt. Britain Under-21 honours against the French on no less than six occasions between 1988 and 1990. Ian joined the Bears at the start of the Centenary season and - at the time of writing these notes - he was still looking for his first score in Oldham colours.

9 JOHN CLARKE HOOKER

A former BARLA international John gained extensive recognition in the amateur game, twice winning the Youth Player of the Year award. During his time with the East Leeds amateurs he also toured Australia with the BARLA Under-18 team and, since turning professional with the Bears, he has gained Gt. Britain Under-21 recognition - against the 1994 Kangaroos.

10 JASON TEMU PROP FORWARD

Jason has missed the early rounds of Super League II through injury but on his day he can be one of the biggest impact players in the game. Originally with the Maris club in New Zealand he moved into the 1994 Lions Red Cup competition with the Counties-Manukau outfit. He represented New Zealand Residents during their 1995 tour of Australia and was a member of the Cook Island team which lifted the 1995 Emerging Nations Championship. Jason joined Oldham in 1994.

11 GARY LORD SECOND ROW

One of the most experienced players in the Oldham ranks. Gained BARLA honours at Under

19 level before joining Castleford. In those days he was a Full-back and during his time with the Wheldon Road club he gained one Gt. Britain Under-21 cap. Moved to Leeds, Halifax and then Oldham where he has developed into a very good second row forward.

12 JOE FAIMALO SECOND ROW

Brother of Esene - the current Salford forward who previously played with Widnes and Leeds. Joe has also had spells with different English clubs, first with Workington Town before moving into Lancashire where he made his Oldham debut as long ago as the 1991-92 campaign.

Player Profiles

13 DAVE BRADBURY **LOOSE FORWARD**

A product of the amateur game in the Leigh area Dave has been at the Oldham club since the 1991-92 campaign - but his service to the Bears may be coming to an end as he has been placed on the transfer list recently at his own request at £200,000. Dave was a member of the 1996 Gt. Britain tour party to the South Pacific where he scored two tries in his four outings. He was one of the "non-Test" team but looks set for a full international debut at some stage of his career.

14 MATT MUNRO **UTILITY FORWARD**

Australian who joined Oldham for the start of the first Super League season. Spent the 1995 Australian season with Sydney Tigers where he made 11 appearances - all from the substitutes bench. Generally a back row forward but can also fill in at hooker.

15 PAUL DAVIDSON **SECOND ROW**

One of the many amateur products who have moved away from Cumbria to find fame. Originally with Whitehaven club Hensingham he journeyed south to Widnes. The move to Oldham was made in 1994 and the second row forward - who has occasionally turned out at centre - recently chalked up his 50th appearance for the Bears. A consistent try scorer he recently grabbed a pair in the excellent Visa World Club Challenge victory over North Queensland.

16 HOWARD HILL **LOOSE FORWARD**

Take two - again! Another fine product from the Cumbria region - and again from the Hensingham outfit. Howard was included in the Great Britain Under-21 squad for the match against France in January 1996 which was unfortunately cancelled. Should eventually

gain senior representative recognition to add to his BARLA honours.

18 MIKE NEAL **WINGER**

A product of the Wigan club but made his name during a loan period with Doncaster when the south Yorkshire club enjoyed a season in the top division a few years back. Since joined the Bears and is a useful squad member.

19 CHRIS MCKINNEY **FORWARD**

Take three! The triplet of former Hensingham players is completed by this promising young forward. The Cumbrian can play either hooker, second row or loose forward. Chris joined the Bears in August 1994 and toured New Zealand with the Gt. Britain Academy squad last October.

20 PEAUFAI "AFI" LEUILA **THREE-QUARTER**

Afi was signed in September 1995 from the Counties-Manukau squad in New Zealand. Leuila enjoyed spells with St. Helens in 1994 and North Queensland Cowboys the following year. He has played rugby union for Tonga and scored two tries in just two outings for Saints. Scored six tries in his first season with Oldham but his try scoring form has evaporated in recent seasons.

21 JIMMY COWAN **FULL BACK**

Jimmy made his Oldham debut during the Centenary season and has only made the occasional appearance in recent seasons. Was signed from Waterhead amateurs, a true local as the Waterhead ground was adjacent

Player Profiles

to the Bears' former ground, Watersheddings.

22 VINCE FAWCETT CENTRE

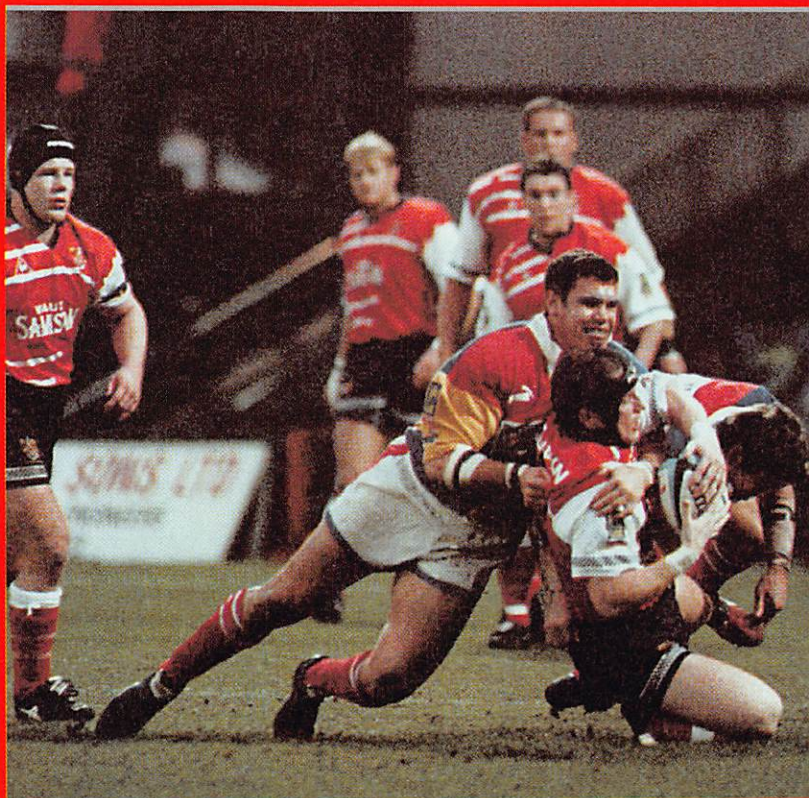

Useful three-quarter who returned to England after a spell in Australia with Sydney side Parramatta. Fawcett made eight appearances for the Eels and scored just one try in the 1996 season. Originally with Leeds he made the move to Workington when the west coast team entered the top division and probably played the best rugby of his career with the Cumbrian outfit. Oldham had to pay £28,000 to Workington for the three-quarter after the RFL ruled in January that Fawcett was still registered with Workington. Vince has missed a number of recent games through injury.

23 BRETT GOLDSPIK PROP FORWARD

Oldham's new Australian prop is the son of the 1967 Kangaroo tourist Kevin Goldspink. The current Bears forward had spells in Australia with Illawarra, South Sydney and Perth Western Reds. He made his Oldham debut in the 48-6 Silk Cut Challenge Cup drubbing of rivals Rochdale Hornets.

24 NATHAN TURNER CENTRE

Goal kicking centre or full-back who joined Oldham during the close season from South Queensland Crushers where he played six games in two seasons. A former Queensland and Australia under-21 rugby union international he was restricted by a foot injury since joining the Bears and has now returned Down Under.

25 PAUL DEACON HALF BACK

Young half back who is under-study to Martin Crompton and Francis Maloney at the Bears.

26 LUKE GOODWIN FULL-BACK OR STAND-OFF

Useful half-back who joined Oldham from Perth Western Reds for Super League II. Experienced campaigner who has also enjoyed spells with Penrith Panthers, Sydney Bulldogs, Parramatta and Canterbury. Has deputised at full-back on occasions for the Bears.

27 DAVID STEPHENSON HOOKER

Bears hooker David Stephenson returned this season from a two-year drugs ban. The 23-year-old has signed a new one-year con-

tract, but with a number of outings already in the first team to his credit his future seems assured.

28 DAVID JONES WINGER

Experienced winger who joined the Bears from Wakefield Trinity in August 1993. Never played in the Bears first team during 1996 but returned to first-team action earlier this campaign.

31 IAN RUSSELL SECOND ROW

Useful recent recruit from Australia. A very experienced campaigner who has seen service before with Sheffield Eagles and more recently with the Paris club where he had three outings last season.

A CENTRE OF EXCELLENCE

Part of the London Broncos Development programme over the past two years has been the scholarship scheme. Last season saw seven Australian boys join our ranks of which Tony Martin has made the first team centre berth his own. Shaun Ireland returned home to Ireland last September and earlier this season represented Australia under 19s against New Zealand.

This year has seen us use five scholarship holders; two Australians, a Welshman, an Irishman and one Englishman. They are all accommodated together in the same house in Isleworth. Their backgrounds are varied:

Steve Evans, 19

Steve comes from Dinas Powys, Wales. Already this season Steve has broken the Academy points scoring record set last year by Giles Thomas. Steve's past record includes senior rugby with Cardiff RUFC.

James Bull, 18

James was born in Norwich and attended St Joseph's College, Ipswich. While there he made a name for himself as an outstanding rugby player and athlete. James represented Eastern Counties at Rugby Union as well as London and South East in this year's England trial. He was unlucky not to be capped. In 1995 he was English Schools shot putt champion and captained the England Schools U17 athletics team.

Gavin Gordon, 19

Was born in Newtonards, Northern Ireland. He attended Campbell College Belfast where he earned Ulster and Ireland

Rugby Union caps. Gavin became the youngest ever Rugby League international at 17 when he appeared in the Emerging Nations World Cup. He now has five Irish caps. Gavin also played in the 1996 student world cup for Ireland and was selected for European Students vs Rest of the World. A utility back, Gavin is knocking on the door of first team selection with some fine recent performances.

Nigel Soden, 19

Born in Blackwater, Queensland and attended St Brendan's College, Yeppoon. Nigel was outstanding as a schoolboy and captained Queensland at U16 and

U17 level. Nigel was spotted this year playing for Rockhampton against London Broncos in January 1997, where he scored two tries. He is currently Academy top try scorer with 17.

Kerrod Toby, 19

Born in Mount Morgan, Queensland, has grown in prominence after being spotted by Tony Currie last Winter. A hat-trick of tries against Warrington 10 days ago earned him a call up to the first team last Friday for the match against Canterbury.

There are now many home grown players bursting through from the under 16s into the Academy. London is thriving!

A WOMAN IN THE LOCKER ROOM

Brisbane-born Stephanie Rea joined Broncos as club physio while travelling round the world. A job a girl would die for?

For Stephanie Rea the opportunity to become physio to the Broncos while in the middle of doing the 'overseas thing' on the other side of the world, was too good to miss.

But is it a job a girl would die for? With her easy going nature Steph is neutral to the macho 'locker room' mentality. Although she could tell a few 'bare' truths, Steph spends most of her waking hours making sure players don't get injured in the first place or recover as quickly as possible.

With what could loosely be termed an injury crisis, we spent last week following Steph.

Saturday: 10am start for a first team squad session at Staines. Normally no big deal for Steph but a late night changes all that. House mate David Krause ensures everyone knows about Steph's hangover. Then it's off to the Alliance game at Wasps against Wakefield.

Sunday: Brisbane Broncos loom. Steph normally escapes fairly lightly with a late start for evening kick offs. The Academy game goes well but the first team game is a different matter. Bruised and battered Broncos suffer serious injuries to Spencer and Tollett. Steph encourages the guys to rehydrate and pack in the carbohydrates.

Monday: Recovery session for the first team squad at Richmond Pool - swim, stretch and stock take of injuries. Steph goes back to The Stoop to tend to the

injuries and liaises with the club doctor to arrange visits to the specialists.

Tuesday: The first group are in the gym at 8.30am stretching followed by a weights session. Steph usually spends the time in the treatment room depending on the injury load or checks on individual rehab programmes.

Then it's back to the club where the electrotherapy machines are called on. Steph also confirms training programmes with the coaching staff to suit injuries before heading to Staines to put plans into action. Back to The Stoop for more treatment sessions for the non-squad Academy and Alliance players before 6.30pm training.

Wednesday: A ball work session for the first 17 at Staines. Steph cadges a lift with the promise of breakfast! Back to the club where the masseur is busy.

Thursday: A change to the training programme sees a few

appointments being rescheduled. A relatively quiet day on the treatment table, Steph catches up on some paperwork and organises food/drink and masseurs for the Canterbury game. In the afternoon a stream of customers ensures time passes quickly until the 6.30pm session.

Friday: Match day again, there is no let-up. Steph doesn't need to be at the ground until 4pm.

Saturday: A sweat and stretch session starts the weekend and Broncos enjoy a football match as variety. The Oldham match only three days away. Then it's back to Wasps for the Alliance.

"The job does involve long days, little contact with other women and a non-existent social life but it is rewarding," says Steph. "Besides if it doesn't work out I can always take out litigation on some of the players and live off the profits, or maybe I can market that locker room diary I've been writing..."

BE THE BEST

BACK TO BASICS

The Broncos' recent performances have made the media sit up and take notice. For those supporters who have followed the team through thick and thin, it's certainly a strange sensation to be referred to as the UK's current force in Rugby League.

Welcome tonight to any Oldham fans who have made the trip south. London and Oldham fans have always enjoyed a camaraderie thanks to our links with the Lancashire Federation of Supporters Clubs. We're back in travelling mode next weekend, but once again the powers that be have been 'adjusting' the fixture list. Our proposed clash with Castleford Tigers next Sunday

has now been brought forward to this Friday, August 8.

If there is enough interest we will of course be running a coach which will depart Hammersmith at noon with earlier pick-ups at Victoria and Tower Bridge. The usual rates of £20 (non members) and £15 members will apply with half price for concessions. Each child under 14 is permitted to travel free if accompanied by a paying adult.

Call in and see Gwen or Barry in the Club Shop or call them on 01322 528504 by tomorrow evening please.

Perhaps there is a better opportunity to follow the Broncos away from home when we take

on Leeds Rhinos on Sunday, August 17 with a kick off of 6.35pm (again, please note change to advertised fixtures). Details as above (bookings by Wednesday August 13).

A group of supporters recently went to the dogs and enjoyed a night at the greyhounds at Wimbledon Stadium. Apparently Broncos commercial manager Nigel Waters had all the luck on the night so the drinks are on him in the bar later! If you have any ideas for social events, do get in touch with Social Secretary Sue Patton who can be found in the Club Shop.

Finally, don't miss the opportunity to lend your support to our Alliance side who are playing some great rugby. They're in action at Staines RUFC on Saturday 9th.
