welcome to **derwent park**

A warm Cumbrian welcome to Derwent Park to the players, officials and supporters for this tasty top of the table clash against Oldham Roughyeds.

Oldham, like ourselves, have made a great start to the season and in common with us have only suffered one defeat. Impressive victories at Celtic Crusaders and more recently a comprehensive win against Barrow mean they are a team to be given the utmost respect. They will of course be very keen to bounce back up to The Co-operative National League 1 and are adding players to the squad in order to achieve this goal.

I think this is certain to be a stern challenge today but we have proved in victories against Featherstone and Celtic that we can mix it with the best in our league. Last weeks victory against Hunslet wasn't our most impressive after the sparkling show against Celtic but it does show the competitiveness of this league. The players managed to dig deep to eventually see off the challenge.

We were all saddened this week by the death of one of Town's most well known players and a colourful character in Bill Martin. We will of course be paying our respects before today's game and I'm sure we will all have our own memories of his playing days in particular.

On a happier note I am delighted to welcome all our match sponsors today. Match Sponsors today are Level Two, we hope that you are able to see the team play at Level 1 today Ruben and that you and your guests enjoy the game.

Our Match Ball sponsor is Mark Telford from Forth Engineering. Mark is a regular sponsor of the club and we are delighted to see him again this season.

The Man of the Match Sponsor and Highlight of the Match are sponsored by the Infield Hotel in Barrow. I know some of you will be asking why Linda Rawlinson is traveling all this way to sponsor Town … I think that Liam Campbell is the major reason. Like us I know all the party from Barrow will be disappointed that we can't see Liam play today, but at least we won't be able to guess the winner !

Finally the top tackler award will be sponsored by Adrian Drabble. Adrian is a huge supporter of the club attending games home and away, social functions and a "driving" force behind some of our fund raising activities. As always I know Adrian and guests will enjoy today's game.

Finally can I thank all Town fans for their support during the last few games. While there is no doubt we need a few more if we are to sustain a top of the table position, the way you have backed the team is magnificent and you have all played your part in our unbeaten run. Please keep it going and with a bit of luck we hope we can deliver another win.

from the SIDELINES

Good afternoon and a warm welcome to our visitors from Oldham. While National League Two is hardly the most glamorous of leagues, it is certainly a tough one, and there are few easy game; with Oldham providing a very tough test this afternoon.

They arrive at Derwent Park on the back of a very solid start to the season, including the highly impressive victory over Celtic Crusaders on their own turf. Like ourselves, they have had there fair share of problems, but they've knuckled down, concentrated on the basics and got the bit between their teeth again as they push themselves up the table in an effort to return to NL1 at the first attempt.

Every game this season has been competitive for us, and we seem to play at our best when we play the top sides. It is important that we take the points out of these games to keep up the pressure at the top; however, it is also important to remember that there are still three months to go and the need to focus on our performances will become even more important in the coming weeks.

Last week's display against Hunslet could be described as 'inept' at best, and this was always a worry for the coaching staff following our victory over the Crusaders the previous Sunday. Some might say that to play badly and win shows the makings of a good side, Butch and I disagree; to play badly is to play badly. Once again our ball control was well below what we have come to expect and this is an area that we must improve on if we are to achieve our goal of promotion, either automatically, or through the play-offs.

Today's game give us the chance to move ever closer to that goal, but Steve Deakon's side will be equally well prepared, and are undoubtedly the form side along with ourselves going into today's game. We both play a similar style of rugby with Oldham's team built round the impressive Neil Roden. Captain Wes Rogers is out for the season and will be huge miss.

Today's game has all the makings of a cracker, we need your vocal support more than ever this afternoon, so please get behind the team!!

Enjoy the game
Butch and Ashey

PRESS RELEASE - STADIUM WATCH

Cumbrian Sporting Organisations are working together to ensure that watching sport in Cumbria becomes a pleasant family experience.
Trouble makers will be banned from sports stadiums around Cumbria as part of this scheme as the aim is to stamp out anti-social behaviour at sporting events.
We are launching Stadium Watch as a new initiative aimed at reducing violence, disorder and anti social behaviour incidents linked to sports events. Stadium Watch involves Clubs and Police working together to find solutions to problems relating to anti-social behaviour.
Workington Town, Whitehaven, Barrow Rugby League Clubs, Workington Speedway, Carlisle United, Workington Reds, Barrow Football, Workington Zebra's Rugby Union and Carlisle Race Course have all signed up to the scheme and believe this is the best forward of deterring anti social behaviour in Cumbria.
Individuals who take part in anti-social behaviour in a stadium will be banned from all the stadiums signed up to the scheme.
We feel Stadium Watch is an important part of Respect campaigns that are being run in many Sporting organisations and Communities. It sends out a clear message that if you don't behave you won't be able to visit any of our stadiums.
We hope to make sports events family friendly, families deserve to feel confident that they can attend events safely. Banning offenders will act as a significant deterrent to those determined to cause trouble. - **BEHAVE OR BE BANNED**

SMOKING POLICY DERWENT PARK STADIUM

Please note that the government have introduced a complete ban on smoking in all enclosed public places with effect from Sunday 1st July.
After this date the club will have no option other than enforce a NO SMOKING POLICY within the Stadium and Bars.
It has however been decided to designate an outside smoking area within the Stadium, this will be on the Town End Terracing which will have signs informing spectators.
We look forward to the co-operation from all fans in this matter.
However any offenders are likely to be removed from the Stadium by the safety stewards if caught smoking outside the designated area.
Signed : The Board of Directors.

Carnegie Great Student Run

TAKING SUPPORT BEYOND BOUNDARIES

When Leeds Met launched the Carnegie Great Student Run 2007, leading the way was former Widnes, Wigan and GB star Joe Lydon.
Joe declared his intention to run the 5km race to raise money for the Mike Gregory Trust Fund. Mike is one of rugby league's most popular, respected and courageous stars who captained Warrington and his country with such distinction.

The Mike Gregory Trust Fund was formed by friends and supporters from the rugby league community who knew of Mike's battle against Motor Neurone Disease and felt compelled to do something to help.

It is Mike and his family's intention that the trust's funds will be used to cover his ongoing medical expenses and help raise awareness about the effects of Borreliosis/Lymes Disease.

Through the Carnegie Great Student Run and the Carnegie Challenge Cup, Leeds Met Carnegie provides a unique opportunity for the whole of the rugby league community to participate and support the Mike Gregory Trust Fund.

Town Academy Update

WORKINGTON TOWN 10 v WIDNES VIKINGS 56

Widnes Vikings brought what turned out to be a very capable side, worthy of their league position for this Academy encounter at Derwent Park.

But the table toppers were a bit jittery in the opening exchanges.

Town were on the front foot, following good early yards by the forwards. That set the platform for a last tackle bomb kick from Tyrone Dalton which went swirling in the breeze and was fumbled by the Widnes defence, only for Town's Chris Coward to react first and pounce on the loose ball for the opening try of the game on 2 minutes. A successful conversion from Steven Kirkbride and Town raced into a 6-0 lead.

An early score was great for the home side's confidence but was probably the tonic that Widnes needed to kick start them. On 8 minutes substitute Mike Bowles crossed over – converted by Paul Crook.

Further attacks from Widnes were thwarted by a stern Town defence that was frustrating the stars of Widnes. On 23 minutes winger Patrick Flynn managed to collect the pass just inside the touchline after a sweeping move to dive in at the corner. Again converted by Paul Crook. Two minutes later a great individual try, from the lively Martin Keavney which began on the halfway line put Widnes further ahead, successfully converted by Crook – and the difference in class was starting to show to make it 6 – 18.

However a bit of respect was shown from Widnes on 31 minutes when after being awarded a penalty for foul play they decided to go for goal - this was kicked by Crook to make it 6-20.

The Town lads appeared to be content with their half's stint and were ready for half time but Widnes had other ideas with two quick tries in succession on 35 & 38 minutes with Mike Morrison and Scott Yates, respectively, going over for well taken tries with both conversions successful to give a half time score line of 6 – 32.

The second half was started well by Town who were creating early pressure of their own – but they just could not come up with that individual spark to be able to convert into points.

Normal play was resumed on 47minutes when Widnes were in familiar territory again when substitute Andy White got his name on the score sheet to go in for a try. Again converted by you've guessed it Paul Crook to make it 38-6.

By now the greater level of experience and class was coming through and on 58mins Darren Banks showed good speed for a front rower to back up and race clear to score under the posts – again converted by Crook for 6 - 44.

Town then staged a mini fight back and good field position created from the forwards was rewarded when on 60 minutes Richard Harrington went over for the second Town try to make it 10 – 44.

Two final tries were still to come though from Widnes. On 72 minutes stand off Paul Crook capped a fine performance with a try which he successfully converted. And on 79 minutes hooker Craig Tunstead crossed for the final try of the game with a conversion from the prolific Paul Crook to give a final score of 10 – 56.

After the early scare given to Widnes resulting in the early Town try, they were able to steady the ship with.a response of their own and never looked back. These guys are part of a full time set up and that clearly showed in all levels of their game today. That is not to take anything away from a spirited performance from the Town lads and they now move on to the midweek fixture against their old friends and rivals in Whitehaven on Wednesday night in the knowledge that they did not disgrace themselves against the unbeaten league leaders.

Town team: Lee Askew, Ryan Burns, Dexter Miller, Mark Routledge, Lee Jardine, Tyrone Dalton, Steven Kirkbride, Mark Cox, Adam McGlasson, Alan McGuinness, Chris Coward, Peter Dobson, Scott Gorman, Scott Burgess, Reece Fox, Neil Blacklock, Richard Harrington.

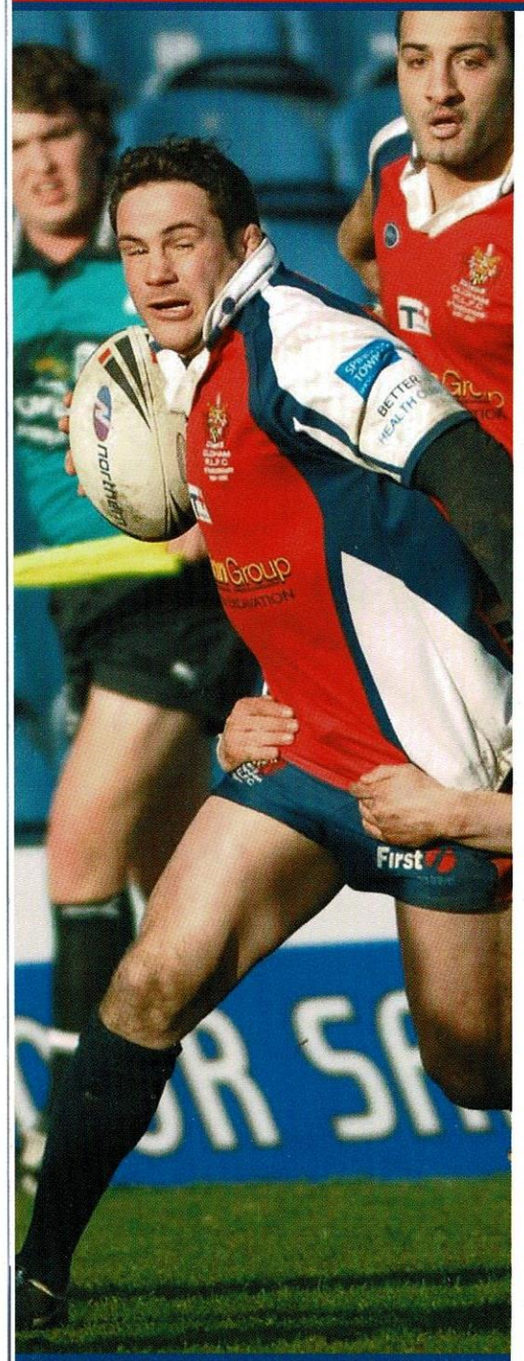
Oldham



Simeon Hoyle in action

Ground: Boundary Park
The Coach: Steve Deakin
Captain: Wes Rogers
One To Watch: Lucas Onyango

The Coach: Steve Deakin

Steve Deakin has been in charge of Oldham for just over 12 months now following the departure of John Pendlebury who resigned from the club just three games into the 2006 season. Deakin who is from Oldham is vastly experienced with 24 years coaching to his name; he has seen service with Chorley, Halifax, Sheffield, Keighley, Rochdale, London Broncos and Huddersfield as well as with French clubs Cannes and Catalan Dragons.

The Captain: Wes Rogers

Prop Wes Rogers rejoined Oldham in 2007 for his 2nd spell with the club, he returns looking to take his hometown club back to National League One at the first attempt. Wes since he left the Roughyeds first time around has played for three seasons with the Rochdale Hornets before moving onto play another three seasons, this time with the Swinton Lions where he was before he rejoined Oldham during the winter.

One To Watch: Lucas Onyango

Lucas joined Oldham in March of this year from Leigh RU; he first came to England in 2002 as part of the Kenyan RU seven-a-side squad for the 2002 Commonwealth Games. After playing briefly for Sale Sharks & Manchester RU he once again represented Kenya in the 2005 Rugby World Sevens in Hong Kong, after returning from this tournament he decided to switch codes and join the Widnes Vikings. He only played 9 times for Widnes scoring 6 tries and his pace showed he could be a real star in rugby league, but a serious knee picked up in a match at Batley ended his days with the Vikings, once fully recovered from this setback Lucas returned to Rugby Union again in the Manchester area before being picked up by the Roughyeds this season and will be looking to be a standout player for the Roughyeds in National League Two this season.

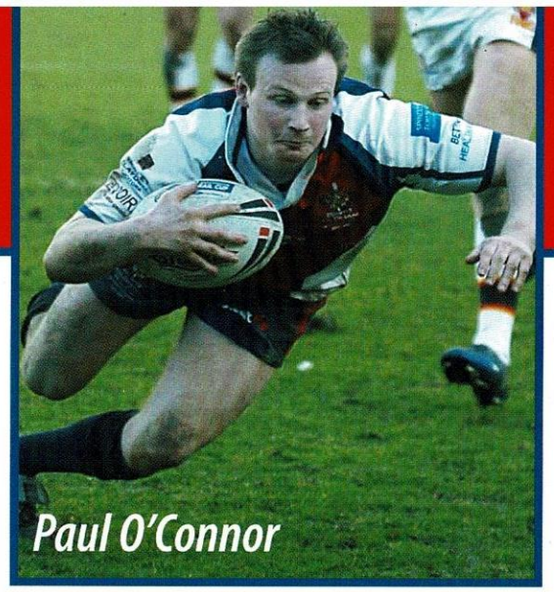
The Arrivals: Andy Crabtree (Swinton), Kris Smith (Swinton), Michael Stout (Swinton), Jason Boults (Halifax), Drew Houston (Australia), Mark Ogden (Australia), Richard Mervill (Keighley), Geno Costin (Australia), Stuart Oldham (Swinton), Said Tamghart (UTC), Simeon Hoyle (Halifax), Neil Roden (Leigh), Wes Rogers (Swinton), Gareth Langley (St Helens), Ian Sinfield (Swinton), Craig Littler (St Helens), Paul O'Connor (Widnes), Lucas Onyango (Leigh RU), Adam Hughes (Leigh)

2007 is all about rebuilding for Oldham having suffered the drop from National League One last season. Coach Steve Deakin has brought in about 20 new players to go with the players who were retained from last seasons squad, these new additions include 6 from the Swinton Lions including forward Ian Sinfield who is the brother of Leeds goal kicker & Great Britain international Kevin Sinfield. In recent weeks they have captured one of the best centres in the National Leagues in the form of Adam Hughes who is vastly experienced having played for Leigh and before that Widnes for many years.

The Departures: Mark Roberts (Halifax), Dave Best (Batley), Gareth Barber (Released), Phil Farrell (Batley), Dean Gorton (Doncaster), Wayne Corcoran (Rochdale), Simon Svabic (Rochdale), Ged Corcoran (Sheffield), Gareth Hayes (Swinton), Ian Hodson (Released), Chris Hough (Released), Tom Kilgannon (Released), Chris Maye (Blackpool), Danny Nanyn (Released), Paul O'Connor (Released), Chris Percival (Released), Carl Redford (Released), Mark Roberts (Released), Desi Williams (Released), Sion Williams (Released), Mick Redford (Released)

Like with any side that have dropped down a division there is always going to be a massive turnaround in playing personnel and Oldham have been no different. They have had to release a number of players including Danny Nanyn who's brother is of Widnes Vikings centre and goal kicker supreme Mick Nanyn, other players who have moved on include loose forward Phil Farrell who joined the Batley Bulldogs, Ged Corcoran who joined the Sheffield Eagles, while his brother Wayne joined the Rochdale Hornets.

Current Form: Oldham come into today's game here at Derwent Park currently lying 5th in National League Two, but with two games in hand on the top 4 teams. They have won all but one of their first five league games with their only defeat coming on opening night when they went down 23-12 to the Featherstone Rovers at Boundary Park. Their most impressive win to date has to be their victory away at the Celtic Crusaders, which was the first NL2 game shown live on Sky Sports and what a game it was with the Crusaders leading 26-6 just after half time the game looked all over but a Oldham fight back left the Crusaders stunned 34-26 in front of a record attendance for a National League Two game (3,441). In the Challenge Cup they were eliminated in the 5th Round when they were defeated 66-6 by Harlequins at Sedgley Park.



Paul O'Connor

Season Expectations: Oldham come into this years National League Two season looking to bounce straight back at the first attempt following their relegation last season, but with NL2 being the most competitive to date the Roughyeds have a lot of tough battles to overcome before this can happen, but after saying that the early signs look very promising for them.

Rams show the way!!!

By GARETH WALKER of Rugby Leaguer & League Express

THE match will probably have taken place by the time you read this, but Dewsbury Rams entertained Whitehaven on Thursday night - and took an innovative approach to promoting the game.

The match was played on Thursday to accommodate the Sky cameras as the latest offering of National League rugby.

Traditionally, Whitehaven at home is not one of the Rams' biggest home crowds of the season - and moving the match to a Thursday night will understandably have impacted significantly on the number of travelling supporters.

But instead of resting on their laurels, the Dewsbury off-field staff attempted to attract new supporters by slashing entrance prices and promoting that fact around the local area.

To attend the match with Whitehaven, the entrance fee was just £6 for adults and £4 for concessions.

For children, it was just £2, which included a free burger.

Celtic Crusaders adopted a similar approach for their home match with Blackpool in April, and reaped the benefits with a 2,805 attendance.

What impact these measures will have on the size of the crowd at the Tetley's Stadium is unknown at the time of writing, but the Dewsbury club should be applauded for trying to make the most of their brief spell in the live television spotlight.

Instead of moaning about the match being switched to a Thursday night, the clubs with vision and foresight will use their Sky matches as a means to try and get new fans through the gate.

There is also the simple fact that those matches will be the only ones in the professional game on that night - opening the door for Super League fans to come on a one-off basis. Of course, there is a degree of financial risk in the move, should the attendance be similar to a usual home gate.

But the Rams should be credited for their efforts at least, and it's a move that may well pay off for them in the long-term.

It will be interesting to see the results of their approach - and to see if other clubs follow suit.

Elsewhere this weekend, there is a massive game in NL2, where title contenders Celtic Crusaders and Featherstone Rovers clash in Bridgend on Saturday night.

Workington Town and Oldham - two of the big improvers of late - also meet at Derwent Park on Sunday, while in Co-operative NL1, Halifax entertain Castleford Tigers.

Doncaster start their new era as a club with a home match against Batley Bulldogs, and everyone involved in the sport at this level must now hope the Lakers can move away from their financial troubles and into to a more stable future.

Salford press the panic button

Twelve months ago Karl Harrison was queuing for tickets for Leeds United's championship play-off game at Cardiff against Watford.

He had just taken his club, Salford, to their highest ever finish in Super League and his beloved Leeds were on the brink of a place back in the Premiership. He was on top of the world.

Twelve months on, one of rugby league's top blokes is out of a job and his favourite football team have hit an all-time low.

It just shows how quickly and dramatically fortunes in sport can change, doesn't it? Up one minute, flat on your back the next, the margin between success and failure is sometimes microscopic.Most will be hoping that's not the last we've seen of Harrison in Super League. He's such a passionate and likeable character that he will be missed from the everyday life of the game.

And he's proved he is a very good coach. His misfortune this year lay in injuries and a debilitating loss of confidence amongst his players.

The flip side of Harrison's situation is that of Jon Sharp.

Had Huddersfield drawn St Helens away in the fourth round of the Challenge Cup, instead of York at home, the Giants' losing run could have gone on and, who knows, perhaps cost him his job.

As it is, he's currently a strong runner to be coach of the year.

Ridiculous, isn't it, how short-sighted the game can sometimes be?

The chat rooms that once rattled with predictions of Sharp's demise are now praising his prowess.

But history is not necessarily on Harrison's side. Since the switch to summer rugby, very few coaches have bounced back into the big time after being given the bullet.

Let's hope Karl doesn't become yet another Super League casualty!!

Occupation: Heath Physics Monitor **Date of Birth:** 05/05/1954
Years As A Town Fan: 43 years
Best Ground Visited In Rugby League?
Headingley, best pitch, plenty of standing room, good traditional rugby ground
Worst Ground Visited In Rugby League? - Belle Vue, Wakefield, no decent terracing apart from behind one set of sticks, poor stands, bad fans, supposedly a Super League ground not better than our own
Favourite All Time Rugby League Player? - Ian Wright
Favourite All Time Town Player? - Ian Wright, the most underrated player ever to play for the club. Scored plenty of times and made many for his wingers, strong tackler, lightning quick, ignored for Great Britain because of the club he played for.
If You Could Sign One Player For Town (Past Or Present) Who Would You Sign? - Paul Charlton – The best fullback the world has ever seen. Think Paul Wellens then multiply by 10. Fearless under the bomb, scored dozens of times from his own 25, loved to pretend to be outpaced let players go around him, turn and then crunch them into touch. Non-drinking fitness fanatic, a coach's dream.
What Was The First Town Match You Attended?
Town Vs Hunslet 20/04/1964 - Town won 62-15, the days of Archer & Roper
From Where Do You Watch The Game?
From the town end terrace with my dad and dog
Most Memorable Home Game?
Lancashire Cup Semi Final Vs St Helens 21/09/1977. Town won 5-4 with a Boxer Walker drop goal. 80 minutes of jangling nerves and crunching tackles
Most Memorable Away Game? - Lancashire Cup Semi Final Vs Salford 13/09/1978, Town won 9-8 late drop goal again by Boxer Walker. Salford at this time had an open chequebook and bought David Watkins, Maurice Richards, Keith Fielding, Steve Nash, Mike Coulman etc. Derek McMillan scored straight from a scrum 30yrds out. Right through Hesketh & Watkins. N.B I still have the grass from the exact spot where he touched down!
Worst Defeat? - Quarter Final Vs Blackpool at home 21/11/1976, Town lost 5-11. Jackie Newan, Jimmy Hamilton & Smiler Allen had all signed for Blackpool from Town. Smiler got 2 tries from acting halfback just like in his Town days. Blackpool were only a poor second division outfit, Town had more or less there full Lancashire Cup side out We would have been at home to a poor Leigh side in the Semi Final. I still can't believe it today!
Why A Town Fan? - All my family have always supported them
Thoughts On The Current Town Team? We need a player coach with loads of Super League experience preferably a halfback (as in the Ray Ashton days). We need to sign hard tackling forwards in the mould of Alan McMullen, Bill Pattinson, Bob Blackwood, Ian Hartley. We need to concentrate on the basics, especially defence, look at the league in any sport the team at the to has the best defence.
