## BOARDROOM with Chris Hamilton

Our opponents today, Gateshead, will arrive feeling they should have also started the season with a win after losing in the dying seconds to South Wales. They, like all the other sides, have strengthened in the off season and will be eager today to show that their performance last week was no fluke. We have spoken at length about our mental attitude to the game and the need to improve our own performance week on week.

By the time we play this match we will know our opponents in the Carnegie Challenge Cup tie to be played on 25th March so please keep a look out for details of this match on the various media sources. We will also be looking at ways to promote attendance at this game too!

The Reserves also have started their season and we wish them and Paul Ashton, in particular, every success as they strive hard on behalf of the club.

As we have made clear recently the work to improve the ground continues albeit, at this stage, not all in the public eye. It has been a real eye opener as to how much time and work needs to go into such a project. Given that we have never before been fortunate enough to be in the position of having our own ground it has added to an already heavy workload but everybody connected with it has embraced it as a very positive step forward. We will continue to keep you updated as soon as we are able and the clubs continued thanks go to those companies and people who are assisting us in this very specialist and costly(!) programme. The local authority, Oldham Council, has a very important part to play in this and last week we again held very positive discussions with officers and

the Leader Jim McMahon as we strive to move forward.

Since the deal to secure the purchase of Whitebank was completed in September 2011 there has also been a massive amount of work going on by the club in the local community. This is another very important component of the life of a modern day professional sports club and the ground situation has given us the opportunity to substantially develop this side of the club. This is something to which we are very committed as I am sure some of the agencies and organisations we are working with would be only too delighted to confirm. There is not enough space in this column to go into detail but the website and local media will have lots of stories to tell over the coming weeks!

Last but not least thank you to all of the fans who made the long trip to support the team last week. As ever the support the lads got from you was immense and we do all very much appreciate it - no doubt the win (and for some the chance to have a drink with the lads after the game whilst Cull and Smithy tried to produce for the drug testers!!) made it all very worthwhile!

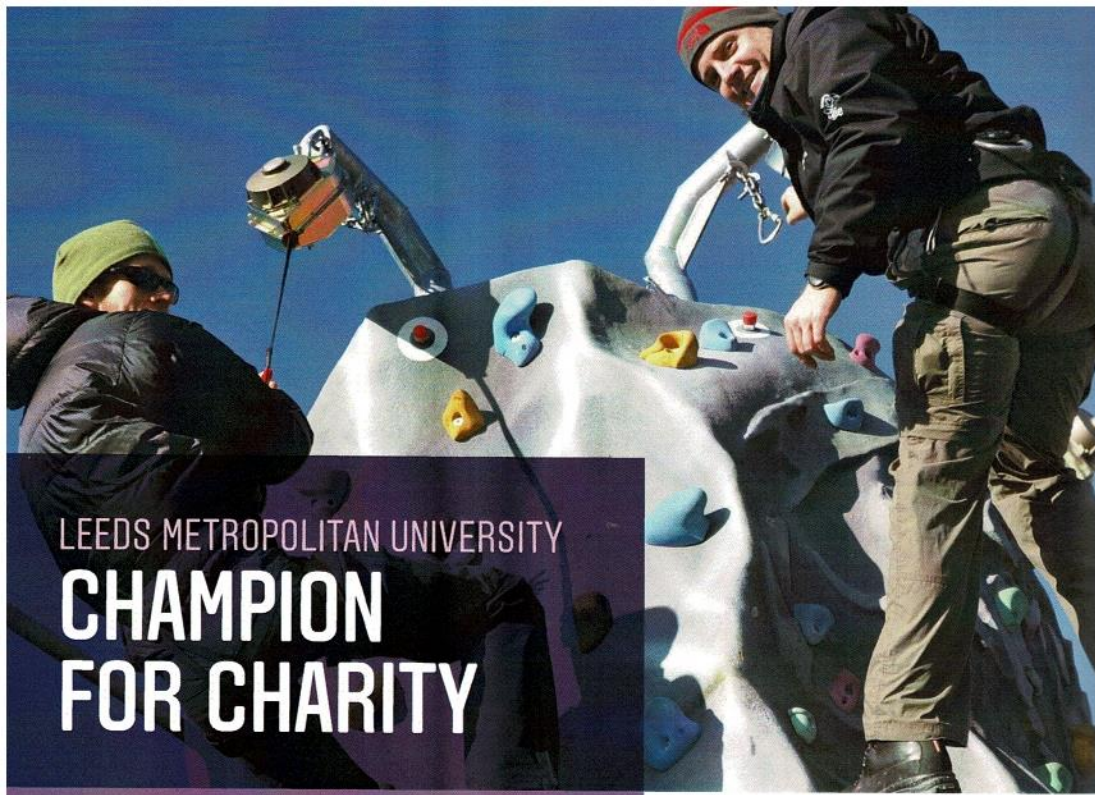

Please get behind the team today as we try to provide you with another win.

Enjoy the game!

**Chris Hamilton**  
Chairman

## OLDHAM RL ANNOUNCES sponsorship deal with A-PLANT

OLDHAM RL Club is proud to announce that it has landed a five-figure kit sponsorship deal with national plant hire company A-Plant.

The A-Plant logo features prominently on the club's home and away shirts.

Club chairman Chris Hamilton said the deal involved a "substantial financial package".

He added: "A-Plant are a huge national company so we regard this as a major coup.

"It's the first time they've been involved with us and as far as I am aware it's also a first for rugby league.

"We are thrilled to welcome them on board and we hope it will be the start of a long-term relationship.

"The nature of their business, of course, means they will be able to help us as the Whitebank ground development takes place. "We are looking forward to working with them across what we hope will be a big season for the club."

A-Plant are one of the UK's leading equipment hire companies, employing 1,800 at 106 depots across the country.

The nearest is at Pilsforth Industrial Estate, Bury where the deal was launched.

Speaking for the company, depot general manager Wayne Maddocks said: "We've never been involved with rugby league before, but we used to have a depot in Oldham and we know what the sport means to the town.

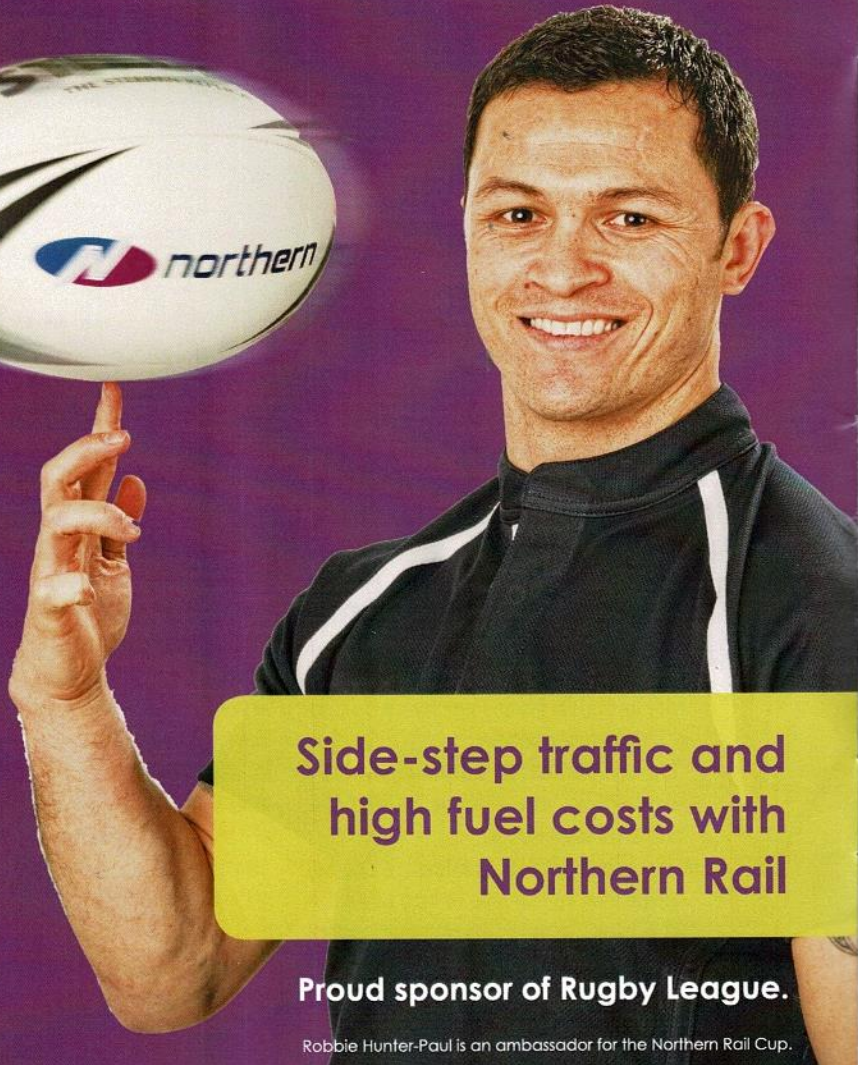

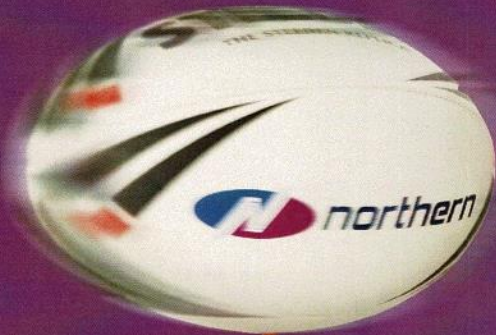

"We are backing the club in a season when promotion is a must. We would love to help them to achieve it."

Wayne, who lives in Eccles, is a Liverpool FC supporter, but he has watched rugby league live on several occasions, notably at Salford and St Helens. Now, he is planning to make his first visit to Whitebank.

A-Plant was strongly represented in our hospitality suite at the Dewsbury game, but on that occasion Wayne was committed elsewhere.

## TALK from the dug out

What a tough League we are in. Championship 1 2012 is going to be one hell of a ride. Whether by fluke or clever planning the RFL have created a situation most clubs dread but even the most negative fan would relish: A huge opportunity for promotion with four teams going up and a horrible competition full of travel to the ones left behind. Clubs have pulled out all the stops to win the competition this season creating a situation where it's so even you would have to be very smart to predict the winners of the first round never mind trying to pick the four for promotion. You will feel the tension and excitement at every game as every point is so important. If this doesn't bring the fans out nothing will!

To say I was pleased coming home on the bus from Workington with 3 points was a massive understatement. Those were extremely valuable points and have set us off in a very positive manner. Most watching would have been unaware that we lost Robbo off the wing in the first 5 minutes and had to have a major switch around to cover it, including adding Mark McCully earlier than planned after a six week layoff, while decreasing our forwards bench against the massive Worky pack. Danny Whitmore also departed only 16 minutes into his stint after succumbing to a neck injury further depleting our backup.

To my delight, yet again, we just soldiered on with the remaining players picking up the extra work as we've shown many times in the pre-season. We are forming a strong team here but what pleases me most is I still think we have a lot of improvement in us, in fact I'd say we are only at about 60%. The great thing is that the boys agree and are prepared to put in the hard yards to get us to where we should be.

I think we've improved and grown in character in every game we've played and that comes down to the brilliant attitude in the camp.

That was just number 1 of 18 important games and we are under no illusion, last week means nothing without a result today. We are fully aware of the threat Gateshead bring today, we need to be at our best, and offer them, their Directors and fans a warm welcome to our home Whitebank Stadium for what will be another thrilling encounter.  
Enjoy your day

IN it to win it . . . that's Miles Greenwood's take on Oldham's challenge for promotion this year from Co-operative Championship One.

"Promotion would be great," he said this week, "but I think we are good enough to win the league outright and that will be our aim, I'm sure."

He added: "I think we will do really well. We got off to a great start at Workington last Sunday. We've got some talented players, and I think it's going to be a terrific competition this year and an even better one to win."

The 24-year-old former St Helens, Leigh and Halifax full-back is certainly enjoying life in his first season with his hometown club.

"I've settled in well and I'm really enjoying my time here," he said. "We've got a great set of lads with a lot of ability.

"Team spirit was a big factor in our win at Workington and it was good for me on a personal note because I scored one of the four tries and sent in Clarkey (Chris Clarke) for another one. He owes me for that!"

One of the best and most experienced full-backs outside Super League, Miles has joined Roughyeds on a season-long contract after spending the last four years with Championship side Halifax.

At the time of his signing, club chairman Chris Hamilton said: "It's a hugely significant signing and we've used the Squad Strengthener fund to assist us. We are grateful to the fans who have backed it and trust that others will see what a difference such a project can make."

Despite missing most of 2010 with a knee injury, Miles scored 38 tries in 79 games for Halifax, for whom he was voted players' player

of the year in 2011. His 28 games for Fax last season included a try-scoring performance in the Northern Rail Cup final in which Matt Calland's side was pipped 20-16 by Leigh Centurions. A product of Oldham St Anne's, he signed for St Helens at the age of 15 and later had a season at Leigh, scoring 16 tries in 26 games, before starting his four-year stint at The Shay. Added Chris: "He has had a lot of Championship experience over the last five years and, more than that, he has always played for clubs at the top end of that division."

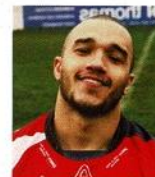

Amazingly, the Squad Strengthener fund was only launched ten days before Christmas when lifelong fan Nigel Marland, chairman of the Supporters' Association (ORSA), appealed to fans to back an independently-run fund to be used purely for signing players.

Said Nigel: "Squad Strengthener is still in its infancy. We never expected to be assisting the club so soon, but thanks to the fans who have supported us already we have been able to help.

"This is just the start of what I hope will be an on-going project as more fans and local businesses see the differences that such a fund can make to a club's ability to recruit.

"The signing wouldn't have happened without Squad Strengthener's help . . . simple as that.

"I hope more fans will now come on board. There's no telling where this can take us if supporters rally round."

## WITH THE RESERVES by Paul Ashton

DESPITE going down 38-14 to a very good Sheffield side at Whitebank in our first league game of 2012 we can take a lot of positives from the performance.

We are a young, new team and we have trained hard in the off season, particularly on the track and over the hills around Strinesdale.

We were unable to arrange any pre-season friendlies, however, so we went into the league campaign 'cold'. If anything, our defeat clearly indicated how important warm-up games are in terms of players getting to know each other and of them feeling comfortable in working towards the pattern of play that we are wanting to adopt.

Eagles, playing down the slope first half, led 22-6 at the interval and went on to add three more tries in the last 20 minutes.

Our best spell was in the first 20 minutes of the second half when we got to within 12 points of them, but we then struggled with fatigue because we were two players light on the bench.

Prop Mark Thomas, who went to hospital for checks, had to quit in the first ten

minutes because of stomach cramps and breathing difficulties.

Winger Lucas Onyango, in his first game for nearly a year, felt a hamstring tightening near half time and, as was pre-planned anyway, did not return for the second half.

These injuries hit us hard in terms of our second-half substitutions.

We've a lot to work on and we aim to improve week by week, but to be honest we should have done better than we did in this one.

Oldham tries were scored by centre Chris Dean, winger Louis Jackson and second-row forward Danny Langtree, while stand-off Jack Reid converted the opening try of the game by Dean.

Team: Nield; Onyango, Hinsley, Dean, Jackson; Reid, Connick; Thomas, Mansfield, Eyres, Langtree, Bailey, Smith.  
Subs: Hughes, Noon, Forman, Joy.

We were due to play Keighley Cougars away last Thursday night, but programme copy deadlines dictate that news on that match will have to wait until the next match-day programme.

## WELCOME Matty Syron!

PLEASE give a big Whitebank welcome today to Matty Syron, our first-ever dual registration signing from Leeds Rhinos.

The 20-year-old prop, who has signed to the end of the season, had a superb debut in our win at Workington

last Sunday and will no doubt be running out at Whitebank for the first time today.

A Leeds lad who lives in Huddersfield, Matty has come to Oldham to gain experience of open-age rugby by at third-tier level.

Standing 5ft 10in and weighing 15st 10lbs, he joined Rhinos in 2010 from local amateurs Queens and went on to win junior representative honours for England and Great Britain.

Said our chairman Chris Hamilton: "Matty had a stormer up at Workington. We wish him every success here and our thanks go to Leeds and Barrie McDermott for their help and co-operation."

## BACK TO SCHOOL at Richmond Primary

CHILDREN at Richmond Primary School have been learning all about scrums, goal kicks and knock-ons . . . thanks to the school's partnership our club.

First-team players have been going into school every week for more than a year now to talk to children about our sport. Wendy May, operational head teacher, said: "Most of the children knew

nothing about the sport before the players started to come in, but we now have a thriving rugby league community. It is all very positive indeed." Children in Years 3 to 6 have formed a lunch-time rugby club which the Roughyeds players help to run every Tuesday. They also split the children into different Year groups to teach them rugby league skills and to talk to them about such things as teamwork and good sportsmanship.

"We take our community work very seriously," said club chairman Chris Hamilton. "The players say it is a privilege to work with the children. I think they enjoy it as much as them."

Of the four players who stepped up from the reserves to sign 2012 first-team contracts at Oldham only one --- David Cookson --- was reared on rugby locally.

A 23-year-old centre, Cookson was born in Rochdale, but he spent nearly all his years in junior and amateur rugby with Oldham St Anne's, and it was that local connection which caught the eye of the Oldham Past Players' Association when the committee decided to support the Roughyeds by sponsoring a player. Said Past Players' chairman Martin Murphy: "We felt it was appropriate for our organisation to back a local lad and one who was just starting out on his Roughyeds career. We wish the club, and David in particular, a successful 2012 season." Other Oldham players who have been sponsored so far include the following: Alex Thompson (WILSCAFF); Matthew Fogarty (Rob the Gardener); Shaun Robinson (Hillcrest Electrical Contracting); John

Gillam (Nigel Marland); Chris Clarke (Paul Whalley and Kyle Cook); Jason Boult (Sue and Spanish Roughyeds); Jamie Dallimore (The Junction).

Mark Brocklehurst (John Barratt); Liam Gilchrist (ORSA); John Clough (Mick Harrop); Paul Smith (John and Lynda McAndrew); David Ellison (June and Julie Hibbert); Valu Bentley (Sylvia, David and Margaret); Lucas Onyango (Pam Taylor and TTX); Miles Greenwood (AMP Wire); Neil Roden (OJT Communications); Luke Stenchion (Maureen and Peter Woodhead); Paul Noone (Levers Fish and Chips); Michael Ward (Pizza Hut Oldham); Mark McCully (ORSA); Danny Whimore (iKreativ).

That leaves Bruce Johnson, Jack Reid, Paul Ballard, Chris Murphy, Tom Rigby, Danny Langtree and Martin Roden still available for sponsorship. For further details please ring Janet at the Roughyeds office on 0161 628 3677.
