### To-day—Oldham.

Our visitors to-day are one of the most improved teams of the season. Stirrup at scrum-half has proved an inspiration to the whole side and with Mitchell as the steadying influence in a young three-quarter line they can show both speed and cleverness. The back three in the forwards, Bryn Day, Winslade and Goldswain are quick to spot the smallest loophole for attack or to provide their backs with the necessary cover.

Taken all round this is one of our hardest games of the season and a win to-day will be a most creditable performance.

Still, if the Saints will play just as well as they did in the first half at Batley, there will be no doubt about the result. They can seldom have played better than they did in that first half, and yet they were losing by 11 points to 2 at the interval.

The Saints had had to play against the wind and slope and anyone who was not there can form some idea of that handicap when the Directors of the Batley team thought that the fairest way to have played was to have played the game in four quarters.

However the Saints ran and handled splendidly and if advantage had been taken of the openings they made, the issue would have been settled by half-time.

### Next Wednesday—Warrington.

The cold is just another reminder that next Wednesday we play our game with Warrington which was frozen off at the end of January.

Warrington still have a chance of getting in the "top four" and will not willingly play second fiddle to us—as if they would at any time. The kick-off is at 5-30.
